

NAB TWO BANDIT SUSPECTS

SINCLAIR GAVE \$260,000 TO G. O. P., HAYS TELLS PROBES

Oil King's Donation In-
cluded Loan of
\$185,000.

\$100,000 REPAID

Witness Knows Nothing
of Continental Trad-
ing Bonds.

By WM. K. HUTCHINSON.
WASHINGTON, Mar. 1.—Harry F.
Sinclair, lessor of the Teapot Dome
oil field gave the Republican national
committee \$260,000 in liberty bonds
in 1923, Will H. Hays, former chair-
man of the Republican national com-
mittee, testified today before the senate
public lands committee.

The Sinclair donation included a
gift of \$75,000 and a loan of \$185,000,
said Hays. Both sums were in govern-
ment bonds.

Hays declared Sinclair was repaid
\$100,000 of the \$185,000 loan so that
\$85,000 remained in government bonds.

Whether the bonds were from the
Continental Trading company, Hays
said he did not know.

William Wallace Testifies.

More light on the Republican na-
tional committee high financing was
furnished by William Wallace, Jr., of
New York, counsel for William Boyce
Thompson, the New York multi-
millionaire, who was chairman of the
Republican party's ways and means
committee during the 1920 campaign.

Thompson loaned the committee
\$150,000 during the campaign, Wallace
testified, and later gave the commit-
tee \$60,000 toward paying off the
loans.

Hays declared the original Sinclair
gift of \$75,000 was turned over to the
Empire Trust company. Of the \$185,
000 borrowed from Sinclair, Hays
said, \$60,000 was turned over to Fred
W. Upham, of Chicago, western treas-
urer of the Republican national com-
mittee, \$25,000 was sent to former
Secretary of War John W. Weeks, of
Boston, to be used to pay off a deficit
in New England, while \$50,000 was
given to John T. Pratt of New York
for a like purpose.

Hays said \$50,000 of the \$185,000
loan was immediately returned to Sin-
clair. He added that he got a \$50,000
contribution from Pratt, which was
paid over to Sinclair.

Later, Hays testified, he had paid
the remaining \$85,000 to Sinclair out
of his own fortune, but Sinclair gave
it back to him.

In this happy city you will find any
food that your mind requires. Old-
fashioned preachers will tell you what
Hell looks like and how to keep out
of it. Others guarantee that there is
no such place. The problem is to
be happy while you are here.

A HUNDRED healers here will cure
you of anything. Another hundred
will prove that there is nothing the
matter with you except in your own
mind, if you happen to have one.

Others assure you there is no sick-
ness, no need of healing, no mind at
all, NOTHING BUT LOVE.

ONE sign on a private residence
reads "Free Talk on Retaining and
Regaining Youthful Poise." Rotund
women struggle to retain or to regain
the affection of middle-aged dull hus-
bands, shaped like seals or walruses.
Very pathetic.

As regards crime, the City of Cleve-
land excels in police efficiency. The
percentage is 83 against 63 in Balti-
more, 36 in Kansas City, 16 in St.
Louis. The National Crime Commis-
sion publishes Dr. Louis N. Robin-
son's statement that police ineffici-
ency and leniency in courts has
made crime almost the safest business
in the United States. The percentage
of failure is lower than in the retail
grocery business, for instance.

IN CHICAGO, insurance companies
notify the citizens that they will in-
sure against bombing of buildings by
various branches of crime, bootleg-
ers, competing labor organizations,
etc. If you can't discourage crime, the
next best is to insure against it—at
though it doesn't help much if you
happen to be at home, for the bomb-
ing.

WAR HERO DIES

GEN. ARMANDO DIAZ, com-
mander in chief of the Italian
army and military adviser of the
Italian delegation.

ROME MOURNS AT BIER OF MARSHAL DIAZ

King Victor Emanuel
Pays Homage to
War Vet.

IL DUCE SAD

Premier Mussolini to
Deliver Eulogy to
Italy's Hero.

ROME, March 1.—This city was
shrouded in sadness today as thou-
sands of mourners paid homage at the
bier of Marshal Armando Diaz, the
man who commanded all the Italian
armies during the World war.

Among the first to pay his respects
to the departed warrior was King Vic-
tor Emanuel. He was received at 9
o'clock this morning by the generals
comprising the mounted guard of hon-
or about the coffin, in which the re-
nowned soldier's body, fully uniformed
and bedecked with all his decorations,
lay in state.

Prior to his visit to the bier, the
king had sent an emissary to convey
his condolence to the family of the
late marshal. Premier Mussolini simi-
larly sent a special emissary.

Premier Mussolini and Governor Po-
tentiali of Rome visited Marshal
Diaz's bier at noon. Immediately af-
terwards it was reported that the body
would be removed to the unknown sol-
dier's tomb, there to lie in state in
public to allow the people to view the
remains.

Today Mussolini will deliver an
eulogy in honor of the man who was held
in the hearts of all Italians in a place
comparable only to that held by Gen-
eral Pershing in America and Marshal
Foch in France.

While holding the portfolio of min-
ister of war in the Mussolini cabinet,
Marshal Diaz was forced to resign be-
cause of ill health. Recently he seem-
ed to be on the road to recovery from
the liver disorder which long had
troubled him, but influenza which de-
veloped into bronchial pneumonia
brought the end.

NEW YORK HEEDS LINDY'S PLEA

ALBANY, N. Y., March 1.—The
plea made yesterday to the legislature
by Col. Charles A. Lindbergh for the
passage of aviation measures brought
quick results today.

Under a bill passed in the assembly
today the state will adopt the federal
laws for the regulation of pilots and
airplanes.

The senate was expected to follow
the lead set by the assembly and ap-
prove the measure.

In the presence of Col. Lindbergh
Governor Smith yesterday signed a
bill giving cities and municipalities
the right to construct airports. It is
planned to have an airport every 30
miles from New York City to Buffalo.

Golden Key Will be
Given Mrs. Evangeline
L. Lindbergh, Detroit
School Teacher.

20,000 GREET
INTREPID FLYER

With Tail Skid of Plane
Out of Commission, he
Hops From Schenec-
tady.

BOSTON, March 1.—Colonel
Charles A. Lindbergh here from
Schenectady, N. Y., at 10:53 a.
m. today.

"Lindy" came to Boston to
witness tonight the presentation
of the Golden Key of life mem-
bership of the National Educa-
tion association to his mother,
Mrs. Evangeline L. Lindbergh,
school teacher of Detroit.

Lindy Greets Mother.
Rear Admiral Phillip Andrews com-
manding the first naval district was
on hand to extend an official welcome
from the government as was a repre-
sentative of the army. President John
Johnson of the Boston city council
greeted the "good will flyer" in be-
half of the city of Boston and Mayor
Malcolm M. Nichols.

Mrs. Lindbergh came to the field
with a party of officials of the Na-
tional Education association just as
the flyer landed.

"Lindy" greeted over to one of the
aviation buildings to greet his moth-
er. The meeting between mother and
son was behind the doors of the
building.

In motor cars the party of visitors
left for Charlestown navy yard.
Cited for "Modesty, Idealism."
Mrs. Evangeline L. Lindbergh is
to be cited for "characteristics of mod-
esty and idealism," and outstanding
work in the teaching profession and
her son is to watch the educators of
the land honor his beloved mother.

Twenty thousand delegates are
here for the convention and the con-
vention hall seats only 8,000. Police
have drawn up elaborate plans for
handling the crowds who want to
see "Lindy" and his mother.

Perfect Take-off.

SCHENECTADY, N. Y., Mar. 1.—
With the tail skid of his Ryan Brough-
am plane still out of commission, Col.
Charles A. Lindbergh and four friends
hopped off for Boston from the local
flying field at 9:13 o'clock this morn-
ing.

Col. Lindbergh is to be the guest
of honor this afternoon at the Na-
tional Education association confer-
ence at Boston.

The Lone Eagle made a perfect
take-off despite the damaged condi-
tion of the plane's tail skid. The skid
was put out of commission yester-
day morning when Col. Lindbergh
hopped from Curtiss field, L. I., on his
flight to Albany. He disappointed a
large crowd as well as an official re-

SIX OHIO MILLS UNITS IN MERGER

NILES, O., March 1.—Unified con-
trol of the Empire Steel corporation,
made up of six northern Ohio steel
mills, recently merged, became effec-
tive today.

Definite announcement regarding
some contemplated reorganization
moves, is expected within ten days.

W. H. Davey, of Mansfield, presi-
dent of the new consolidation, visited
Niles Tuesday and Wednesday, look-
ing over the Thomas, Falcon and Wad-
dell mills. He was accompanied by
J. D. Waddell, vice president of the
merged companies.

13 MINERS DIE IN CAGE CRASH

Tragedy Occurs in Pit
at Recklinghausen,
Germany.

RECKLINGHAUSEN, Germany, Mar-
ch 1.—Thirteen miners were killed
instantly here today when the cage
which was lowering them down to
work in a mine crashed to the bottom
of the pit.

The tragedy was caused by the
bursting of the ropes to which the pit
cage was attached.

Recklinghausen is in the state of
Westphalia, in the heart of the Ruhr
district, which is the most important
coal mining section of Germany.

NEW ENGLAND GIVES MRS. LINDBERGH OVATION

Mrs. Evangeline Lindbergh (right), mother of the world's most famous airman, flew to Boston to attend the con-
vention of the National Education Association. Upper left photo shows her plane arriving at the airport. She was
accompanied by Lieuts. Hegenberger (lower left) and Johnson (lower right).

SEEK ESTIMATE ON PATTERSON HOME PROJECT

Committee Appointed at
Meeting of
Trustees.

PLAN CAMPAIGN

May Adopt Suggestion
to Use Part of
Building.

Estimates on the cost of furnishing
and equipping the Mary A. Patterson
Memorial Christian home, erected by
the late Monroe Patterson, foundry
and pottery operator and philanthro-
pist, in honor of his wife, will be
sought by a committee representing
the trustees before plans for a com-
munity-wide campaign for funds is ap-
proved, it was decided last night.

This was the action taken at a
meeting of the board of trustees in
the Municipal court headquarters. The
committee, named by Attorney J. H.
Brookes, chairman of the board, in-
cludes Miss Florence Updegraff, chair-
man; Mrs. Homer J. Taylor, Mrs. Har-
vey McHenry, D. M. Ogilvie, James S.
Hilbert and Mayor Ralph C. Benedum.

They will determine what part of
the building will be required at this
time in the event that it is accepted
by the city.

The opinion was expressed that the
home having accommodations for 120
persons was too large and that only
a part of it should be furnished until
the need demands the use of the en-
tire structure.

No Discussion of Campaign.

There was no discussion of means
to be employed in raising funds. No
provision for furnishings was made by
Mr. Patterson who died while the
building was in the course of erec-
tion.

Another meeting of the trustees will
be held within the next two weeks,
when a report by the committee will
be made. The date of the meeting
will be fixed by Attorney Brookes.

The home was erected at a cost of
\$307,000 of which \$25,000 was spent
for the site and \$282,000 for the build-
ing. It is a four-story, fire-proof build-
ing, modern in every respect. It has
a gymnasium, cafeteria and several
parlors.

Should the city fail to accept the
building, it will revert to the heirs
under the terms of Mr. Patterson's will.

MISS SAMPLE DIES IN WILDWOOD, PA.

Miss Sarah Sample, sister of R. W.
Sample, McKinnon avenue, died in her
home in Wildwood, Pa., last night,
making the second death in the family
within 15 days. Her sister, Miss Mary
E. Sample, died February 14 at Day-
tona Beach, Fla.

The two Sample sisters were enroute
to Miami, Fla., where they had plan-
ned to spend the winter when Miss
Mary was stricken with pneumonia.

Following the funeral, the other sister
became ill.

Besides R. W. Sample, another
brother, William J. Sample, Bellevue,
Pa., survives. Funeral services will
be held at Wildwood where burial will
take place.

MALONE'S SON LEAP YEAR BABY

"It's a long time between birth-
days," must have been what the
third son of Mr. and Mrs. John F.
Malone, 324 Thompson avenue,
thought after his arrival yester-
day. For it was February 29, the
only one in four years. That means
the Malone boy born yesterday will
never get very old in point of
birthdays.

The third Malone boy, the East
Liverpool leap year baby, must
wait until 1932 for a birthday.

The father is commercial manager of the Ohio Power company.

COOK SCHOOL CLOSES FRIDAY

Cake Baking Contest
Will Feature Final
Session.

With a cake-baking contest in which
a score or more are expected to com-
pete, third annual cooking school un-
der the auspices of the Review will
close in the Potters' auditorium to-
morrow afternoon.

Cakes entered in this contest will
be turned over to the Salvation Army,
which will offer them for sale im-
mediately after the Friday afternoon
session. Funds derived from the sale
will go toward the Army's winter re-
lief treasury. Winner will be pre-
sented with a Hotpoint electric range
by the Ohio Power company.

Judges will include Miss Gladys
Robbette, domestic science teacher
in the local high school; Joseph
Smith, St. Clair avenue baker, and
Miss Dorothy Kirschner, New York
home economics expert.

Another large crowd filled the au-
ditorium this afternoon when Miss Ber-
nice Lowen, instructor, explained the
making of an angel food cake, fluffy
omelet, Tropical gingerbread, ham
steak and other eatables. Due to the
illness of Mrs. A. J. Savage, president
of the City Federation of Women's
clubs, Mrs. W. T. Wilson was hostess.
Six hundred women attended yester-
day afternoon. Mrs. John Wilson,
Newell, received a potted plant, while
baskets of groceries were awarded
the following: Ada Beard, 203 Union
street; Mrs. G. B. Witherspoon, 817
Illinois street; Mrs. Nell Canavan,

CONGO YOUTH ADMITS THREE HOLDUPS AND SHOP ROBBERY

Donald Howell and
Alva Mercer go to
Jail.

AWAIT HEARING

Sheriff Alleges Howell
Signed Written
Confession.

Donald Howell and Alva Mer-
cer, each 20, and both of Congo,
are held in the Hancock county
jail, New Cumberland, today, as
suspects in the hold-up of the W.
T. McCormick general store at
Congo, W. Va., last Saturday
night. They will be given hear-
ings before Justice of the Peace
John Myler, at Newell, tomor-
row night.

Implicates Mercer.
According to county authorities How-
ell has admitted three hold ups and one
robbery job in the Newell-Kenilworth
district, implicating Mercer in two of
the jobs. Both denied having had any
part in the McCormick store hold-up
in which approximately \$50 was se-
cured.

They were arrested by Deputy Sher-
iff E. L. Hill and Constable W. T.
McKenna of New Cumberland and
State Trooper J. L. Robert, Wells-
burg.

Howell, in a signed confession giv-
ing Hancock county authorities, ad-
mits having broken into the Charles
Meade barber shop in Newell last
December, and held up Frank
Conway, an unidentified foreigner
and John McCune, Sheriff Albert
Tops said.

Mercer denies complicity.
Mercer, Howell claims, was with
him when the Meade barber shop was
entered and also when Conway was
held up near Newell park last fall.
The foreigner was robbed near the
railroad bridge on the Newell-Congo
road. McCune was held up near Ken-
ilworth.

Mercer denies complicity in any of
the jobs.

None of the robberies were reported
to the authorities for investigation,
according to Sheriff Tops.

LOUIS HEEBNER, AGED 59, DEAD

Louis Heebner, 59, died yesterday
in his home, 1016 Ephraim street.

Mr. Heebner, who was born in Ger-
many, leaves his widow and two chil-
dren, George and Marie H. Heebner,
both at home; his mother, Mrs. Cath-
erine Heebner, and two brothers,
George J. and Henry W. Heebner, all
of this city.

He was a member of St. John's
Lutheran church and Royal Arcan-
um.

Funeral services will be held in the
home at 1:30 Saturday afternoon, in
charge of Rev. J. G. Relartz, D. D.,
pastor of St. John's church. Burial
will be made in Riverview cemetery.

Friends may view the body Thurs-
day and Friday evenings.

General Information Regarding the Baking Contest

To Be Held in Connection With East Liverpool Review

Free Electric Cooking School

FRIDAY

Rules Governing Baking Contest:

WHO CAN ENTER

Persons competing for this prize must be domestic customers of The Ohio Power Company in East Liverpool, Wellsville, Salineville, Irondale and Hammondsville.

WHO CANNOT ENTER

Employees of the Review and their families; employees of The Ohio Power Co. and their families; professional cooks or anyone making a living baking pies and cakes.

WHERE BAKING IS TO BE DONE

Cakes entered in the baking contest are to be baked at your own homes, in your own ovens of any kind. No entries baked in hotels, bakeries, cafes or restaurants can be accepted.

MATERIALS TO BE USED

Although you are not obliged to do so, it is desired as far as possible that the cooking ingredients advertised in the Review, and used in the cooking school, be used in making cakes entered in the baking contest.

DECORATING CAKES

It is not necessary that the cakes entered in the

baking contest shall be decorated. Elaborate decorations will not count for nor against the entries. Due to the fact that these cakes are to be sold at the close of the cooking school, and that an iced cake will bring more money in this sale you may decorate your entries if you wish to do so.

ENTERING CAKE CONTEST

You may enter in the cake contest by entering one cake for prize awarding if you wish to do so.

WHEN AND WHERE TO BRING CAKE

ENTRIES

Bring your cakes to N. B. O. P. Building Friday morning March 2nd, between 9 and 12 o'clock. Unwrap your entries before giving to food entry clerk. If you wish to transfer your cake to a paper plate, these will be provided for you, but you are required to make this transfer yourself before giving to entry clerk. We ask that you please do not bring your cake on a fancy plate or one that you value because the Review cannot be responsible to you in returning such a plate. We recommend that you use old plates for your cakes.

Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

Why cutting often fails?

Do you know the cause of piles is internal?

That there is a stagnation of blood circulation in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by Matthews Med. Store and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, quick and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. There is no reason why it should not do the same for you.

Newell Gets March 23 Teachers' Institute

School Superintendents Await Word From Wheeling Before Setting Spelling Bee Dates.

Hancock county school superintendents, meeting yesterday afternoon at New Cumberland, decided to hold the final institute of the school year on Friday, March 23, in the Wells building, Newell.

Two sessions will be held. Speaker probably will be furnished by the state board of education. Miss May Love, New Cumberland, will be in charge of the high school program, while the intermediate discussion will be directed by Miss Alma Cunningham of Chester. Miss Margie Harper, teacher in the Newell schools, will be in charge of seventh and eighth grade program. Primary department work will be carried out under the direction of Miss Leah McGahan, Weirton.

Dates for the county spelling bee and essay contest were not fixed pending word from Wheeling school officials as to the time of the finals. H. O. Miller, county superintendent, presided.

Put An End To Eczema Tortured Skin

Remedy That Costs But Little At Any Drug Store Never Disappoints

When your skin itches and is fiery and eczema tortures you night and day why not go to your druggist and get a 35 cent box of Peterson's Ointment?

For many years its mighty healing power has been of great benefit to sufferers from eczema and we are sure that one box will prove it to you.

Read what Temple Carter of Gary, Ind., writes—it proves what a blessing Peterson's Ointment is for skin troubles.

"My whole face was ruined with livid splashes, blackheads and patches. I could get no relief from anything I used. After using the sample box of Peterson's Ointment the ugly skin began to disappear, so I got a box from my druggist. My skin is now like glass, smooth and clear, and I look like I did 15 years ago. With pleasure you are permitted to publish these wonderful results. I cannot praise Peterson's Ointment enough. I hope this will help all skin sufferers."

4 DIE, 2 DYING IN AUTO WRECK

Car Plunges 25 Feet Over Stone Wall.

WILLIAMSON, W. Va., March 1.—Four persons are dead and two others are expected to die as the result of an automobile accident late yesterday when the machine in which they were riding went off the road and dropped 25 feet over a sheer, stone wall, four miles south of here.

The dead: Mrs. Alice Rakes, 51, and her 11-year-old son, Bruce; John Fletcher, 48; and Mrs. Leona Johnson, 47. All are of Chattahoochee, W. Va., except Fletcher, who lived in Nauck, W. Va.

Noah Johnson, 45, husband of Mrs. Leona Johnson, and their nine-year-old daughter, Darline, are in a hos-

pital at Logan, W. Va., both with fractured skulls.

The cause of the accident has not been learned. The car fell directly on a railroad track. The wrecked machine and the victims were discovered and the track cleared only a short time before the arrival of a train.

East Liverpool—America's Pottery Center.

THURSDAY, MARCH 1, 1928.

City Court Earnings

Judging from the report of the second year of its existence, the slump in business conditions affected East Liverpool's municipal court as well as the pottery center's industries.

Compared with collections under the old system, when the mayor acted as police magistrate as well as city executive, there was a decrease, for the total deposits were but \$17,483.70, of which the city received \$17,128.60 and the state \$355.10.

Violators of city ordinances contributed \$12,476.50 in fines and \$2,274.40 in costs, while, in addition, the total for the exchequer was boosted to the extent of \$2,377.70 in costs in civil actions.

The court, which handles all cases formerly filed before justices of the peace, whose offices were abolished by the municipal tribunal law, as well as charges filed by the police, was kept busy, however. The docket shows 1,261 criminal cases were heard, while 861 civil actions were also disposed of.

Receipts were \$5,000 less than in 1926, when the total was \$22,564.85, of which the city received \$22,082.25 and the state \$482.60, but this difference is accounted for by less cases, for in the first year of the court's existence 1,476 criminal cases and 752 civil suits were before the bench.

Net earnings last year totaled \$9,558.71, for the city's share of the expense, which does not include \$2,200 contributed by the county and township toward the judge's \$4,000 salary, was \$7,569.89.

However, the advantage of the court to the municipality and surrounding district should not be judged solely from a revenue standpoint. The tribunal has been a means of reducing court costs 50 to 100 per cent compared with fees collected by justices of the peace in bygone days. And, too, the tribunal saves litigants the time and additional expense involved when it was necessary to file civil actions in excess of \$300 in common pleas court.

And, too, sight should not be lost of the fact that decreased earnings are attributable, at least partly, to the reduction in general offenses as a result of prohibition.

However, in a way, the municipal court plan is still on trial, but a two-year period is too short to determine its worth to the community.

Leave It to The Yankees

Among the many manufacturers of automobiles in the United States there is one which is going to play a more or less important, if silent, role in the coronation ceremonies next November at Kyoto, when the flowery Kinkedom's emperor is acclaimed.

This Yankee automobile manufacturer has not been selected, but a commission now is trying to decide upon the make of machine which will be chosen for the especial use of the distinguished foreign visitors present for the enthronement.

Perhaps it should be stated in more certain phraseology. It is not one machine which the Imperial Japanese commission will purchase, but seventeen machines, of a total value of 200,000 yen. Translated into terms understood in the money marts of America, that is approximately \$100,000 of Uncle Sam's money.

A tidy sum for any motor car maker, even in these days of affluence in the trade.

The Emperor of Japan already has 30 high-priced automobiles. Some of them are American-made, and others were made in Europe. The Imperial garages are well stocked with cars for each and every occasion. It even is said the royal mind at times is troubled deeply in choosing the proper car for this function or that occasion.

But for coronation ceremonies the garage will be locked and the Imperial chauffeurs will be given the day off. The Emperor will ride to the coronation ceremonies with his Empress in horse-drawn carriages of state, with gold-uniformed drivers at the reins and a special guard of mounted soldiers accompanying them.

The custom of using horse-drawn carriages in all state ceremonies in Japan always was adhered to until the earthquake in 1923 when the equipages then in use either were destroyed or put out of commission by the quake and fire. New carriages, however, were delivered in time for the opening last year of the Diet.

Fruitless Monkeying

Monkey glands, after all, are no good for human bodies. Dr. Hoffmeister of the University hospital at Freiburg, Germany, after an investigation made at the request of German scientists, declares that the rejuvenation of men and women by Dr. Veronoff's sensational method is impractical.

In the course of his inquiry Dr. Hoffmeister made many transplantations from monkeys to human beings and to other animals. After a few weeks he found that the glands were either entirely absorbed by the tissues of the body or atrophied beyond the power to function.

In some cases, he reports, there seemed to be a temporary rejuvenation, but this was always followed by a reaction, with rapid decay or complete cessation of vitality. The transplanted glands themselves disappear or die, and the patient may then be worse off than ever.

So there should be an end of that particular type of witch-doctoring.

Less Beautiful Women

Abel G. Warshawsky, American artist who has been painting and sketching for 20 years, says that in all that time he has found only four "perfect women" and that today he finds American women losing their beauty. Without knowing precisely what he means by "perfect" and "beautiful," one would be foolish to fly into a passion at the artist's cruel statements.

It has been rather commonly felt that perfection, even in beauty, was more of an ideal than an attainment in this world. And as for human beauty, that has never yet been so clearly standardized that all the world agrees on what it is.

We suspect the artist has some technical meaning which makes his statement clear to fellow-artists and leaves everyone else free to enjoy feminine beauty according to personal preferences.

Crop reduction always works fine for the farmers who don't reduce.

HASKIN DAILY LETTER

By Frederick J. Haskin

WASHINGTON, D. C., March 1.—The task of restoring the flooded area of the Mississippi Valley is not nearly so great as it would be in well nigh any other section of the country because, for a variety of reasons, the values destroyed are not high. Nevertheless they represent all that the people had and to regain those losses would be a boon to them.

According to the bureau of the census the average value of the land and buildings on an American farm is \$1544. The state average varies, being much higher in some states and much lower in others. Averages are somewhat treacherous but appear to be about the only measure for generalizations. Some single farms are worth over a million dollars and others are almost valueless.

Indiana is a rather typical northern farming state. The average value of its farms including land and buildings is \$2181, substantially more than the \$1844 figure for the whole country.

Contrast these figures with those for the three states which suffered most from the 1927 flood. The average value of land and buildings of a Louisiana farm is \$551, of an Arkansas farm \$541, and of a Mississippi farm only \$444.

There are many reasons for these lower values in the flooded area. First, the 1927 flood was by no means the first one. Farm owners, even if able to do so, probably would not erect very substantial and expensive buildings when they know that the flood waters are an ever recurring menace. To do so would be only to court greater losses. Further, the climate does not require elaborate heating plants, which would add to the value of houses, and the type of labor being almost wholly negro does not demand the most modern and expensive housing.

There is little manufacturing in this region. The products are shipped out in a raw state for the most part. The cotton gin, of course, is present, but it represents only the first stage in cotton manufacture. There are a few sugar refineries. The census bureau shows that in 39 counties chiefly affected by the flood there were but 28,000 persons engaged in manufacturing, or 2.7 per cent of the total population of that region.

Secretary of Commerce Hoover who was placed in charge of the emergency by President Coolidge estimates that the direct loss due to the flood was \$200,000,000 and that an indirect loss of another \$200,000,000 was suffered. The United States weather bureau puts the direct losses higher than Mr. Hoover's figure, or at \$263,533,000. The figure estimated by the Mississippi River Flood Control association is \$236,334,000.

The association says crop losses amounted to \$73,541,000, loss of earnings to tenants \$24,799,000, business losses \$18,655,000, damage to railroads \$16,702,000, property losses \$11,459,000, with other various items of loss making up the aggregate.

Cattle to the number of 25,716 were drowned and 16,626 horses. Hogs drowned numbered 133,174 and poultry \$719,647. Not far short of 8000 houses were destroyed and nearly 3000 barns. Stores, cotton gins—altogether about 41,000 other buildings—were swept to destruction.

Potential and intangible losses are difficult to reckon. It is doubtless true that the purchasing power of the area has been reduced to almost nothing. The very fact that the people have no basis for credit, in that they have raised no money crop on the two million arable acres which were inundated, has forestalled them from making the loans necessary to maintain their usual standard of living and make their normal purchases.

Questions And Answers

By Frederic J. Haskin.

This is a special department devoted to the handling of inquiries. You have at your disposal an extensive organization in Washington to serve you in any capacity that relates to information. Write your question, your name, and your address, clearly, and enclose a two cent stamp for reply. Send to The East Liverpool Review Information Bureau, Frederic J. Haskin, Director, Washington, D. C.

Q. When was the Lincoln Highway started? H. R.

A. The Lincoln Highway was laid out by the Lincoln Highway Association in 1913 as the first interstate highway connecting the two coasts of America and as a memorial to Abraham Lincoln.

Q. Why is it that sulphur which has no taste nor odor can be given an odor and taste merely by rubbing it? J. B. S.

A. This friction causes a small amount of the sulphur to oxidize, thus forming sulphur dioxide, which is pungent to the sense of smell.

Q. Is it true that many ministers of the Gospel were confined in the Atlanta Penitentiary in 1926? M. W.

A. The Chaplain at Atlanta says: "During the past 26 months of my term as Chaplain of this institution, there have been over 3100 prisoners confined. We have only received one minister of the Gospel and he had not been in active ministry for some time previous to his sentence."

Q. When was the first upright piano patented? J. P.

A. The first genuine upright piano was patented in England and the United States in 1809 by John Isaac Hawkins, an Englishman, who at the time lived in this country.

Q. How much does a railroad track cost per mile? E. C. M.

A. It is estimated that it costs \$9380.43 per mile, using 75-pound rails.

Q. What is the magnetic declination of Washington, D. C.? J. P. A.

A. The Coast and Geodetic Survey says that the normal magnetic declination in the District of Columbia is about 6 deg. 30 min. W. The isogonic line which passes through Washington has the general direction about North by West. It passes close to Cape Charles, Virginia, and Buffalo, N. Y.

Q. Is Israel Zangwill living? N. C.

A. This celebrated playwright died on August 1, 1926, in Midhurst, Sussex, England, at the age of 62. Probably his plays that are best known are Children of the Ghetto, Merely Mary Ann, and The Melting Pot.

Q. How high do ocean rollers get and how long are they? S. A. G.

A. The extreme height of ocean waves has been estimated at 30 feet, and their length at from 600 to 700 feet.

East Liverpool Review Offers Expert Facts For Auto Owners

Our Washington Information Bureau and the experts of the American Automobile Association have compiled a simple, fact booklet for the average car owner. "Care of the Car" is in plain language, every section carefully illustrated, and is devoted to basic things every owner should know and make use of. Most auto owners will save money, avoid trouble and accidents, prolong the life of their cars, and get better service and greater safety by a few minutes attention to fundamental facts.

NEW YORK Day By Day

By O. O. McIntyre.

PLYMOUTH, England, March 1.—

On the starboard—old salt that I am—lies Plymouth, and our six-day floating village begins to disintegrate. A tender bobs in choppy channel waves to land half the passengers for the midnight sleeping train to London. The rest go to Havre.

A few days ago we were Americans, and now we are foreigners. Plymouth stands sullen in a fog. Under a cabin window is the rabble of rich Cockney dialect. "Hi say, Guvner!" shouts a heavy old blighter. "Toss us a half bob, will yer—that's a good'un."

England somehow always seems to reflect the sombre hue of its leaden skies. It falls to offer that quick, volatile warmth that comes with the first touch of France, yet in its dignity and aloofness you feel an intangible sincerity that France does not command.

You love France for its childish, simple gaiety, but in England you are gripped by the sterner emotion that "these are my people." Their coldness is oftentimes annoying, but it is the annoyance of changed customs—like the annoyance of the Nebraskan at New York manners.

For six days news of the outside world has been encompassed in the fragmentary reports in the ship's wireless newspaper. It seems to aim for unimportant dispatches from unimportant places. An Afghanistan prince has tonsillitis, or such. So there was a lively scramble for the London Times and the Daily Mail.

But the leading headline in the Times, "Discussion in Parliament," did not offer great comfort. The stodginess of Britain in contrast to the briskness of America is completely symbolized by newspaper headlines. A big shaggy sheepdog with a cup hung around its neck just trotted into our cabin.

The way my dog leaped atop a trunk with a series of terrified yelps indicated he thought he had come face to face with the British lion. The friendly animal was merely collecting coins for a seaman's fund, and his amiability completely won over my pooch, who is following him about as devotedly as a bound hound tail a covered wagon.

Rene, our cabin steward with the changing voice, tells us with high excitement and magnificent shoulder shrugging, that twins were born in the night to a mother in the steerage. Her worldly assets consisted of \$9, but a collection amounting to more than \$300 was realized in an hour.

An American crowd, incidentally, is touched by sentiment as no other nationality. We hear much of the European charm of manner, but it is noticed the deference paid to the aged and "in-laws" aboard ship is among our "uncouth" countrymen.

There is excitement today over a young girl who, with that rare courage of youth, came aboard at New York without a passport. France is strict about such formalities, and there is already betting she will not be permitted to land, and will be forced to return on the same ship. She laughs with girlish freshness at the very idea.

But the real excitement of the voyage was in the tender at Plymouth when a ruddy, rotund man touched a passenger on the shoulder. It was the long arm of Scotland Yard we read about in novels, reaching out for an offender. As the story swung from lip to lip, the incident ends a chase of many months, and although the prisoner did not know it, his cabin companion was also from the Yard. The whole thing was the culmination of a blackmailing affair in Monte Carlo.

One of the table companions was a gentleman in slouchy dress and with a walrus mustache—the type you rather expected might take a horn out of his pocket and begin selling fish. But at Plymouth he was met by a band in fur drum major hats with chin straps, and it developed he was a Lord Mayor of an English city returning from a tour of America. Travel is broadening. One learns you can never tell a Lord Mayor by the cut of his vest.

YOUR HEALTH

An Ounce of Prevention Is Worth A Pound of Cure.

By Dr. Royal S. Copeland.

Most of us eat our meals simply because they satisfy our appetites. Seldom do we give any thought to the real food requirements. We read that we should eat various kinds of foods. We are told that each contains some particular elements we must have if we would thrive. Scientists have proved it is necessary for the system to have this food if we are to enjoy perfect health.

The elements most commonly discussed are certain essential minerals. Included under this heading are iron, potash, soda, magnesium, phosphorus, sulphur, chlorine and iodine.

Every individual must have a certain amount of iron each day. We are told if an iron free diet were taken for any length of time there would result one of the deficiency diseases such as scurvy.

Growing children and mothers require more iron than men do. Women need iron to meet the demands peculiar to their sex. Children, of course, need iron for the building of the tissue and to increase an important element in the blood, called the hemoglobin.

Lean meats, eggs, the hulls of cereals, fruits and vegetables are rich in iron and they should be given an important place in the diet. Fresh cow's milk has not as high an iron content as other foods, yet the iron it does contain is one of the greatest elements in aiding the proper growth of the child.

Next to this comes spinach, cabbage, string beans, carrots, dried beans, prunes and nuts. Of course, too, there are other foods of high iron content.

Next in importance is the need for lime. You cannot have strong teeth, good bones, strong muscles unless

you have sufficient lime in the foods you eat.

Experiments have shown that many children who suffer in very early life from disease of the bones and teeth could have been spared this trouble. They would have escaped if the mother's diet had been properly balanced during pregnancy.

Do not get the mistaken idea that because your bones are all formed and you have all your teeth that there is less need for lime. This is not true. Bones and teeth are constantly in need of proper nourishment to prevent serious changes in their structure.

Milk, fresh fruits and vegetables are richest in lime. Here is an interesting fact—there is more calcium in milk than there is in an equal amount of lime water. So, in general, it may be said, milk is the most important lime carrier.

Elusive Mr. Remus.
George Remus, "bootleg king," who escaped conviction for killing his wife because of the benign influence of a jury that was prompted by Christmas spirit as well as mawkish sympathy, is making a protracted effort to free himself from the asylum for the criminal insane at Lima. In his trial he pleaded insanity to escape punishment for murder and is now just as eagerly pleading sanity that he may get out of the asylum. He makes the claim that his plea of "momentary insanity" at the time he killed his wife was for the murder trial users only, and that it is unfair for the state to keep him immured in a state institution.

The courts may be depended upon to deal with the elements of justice as they are concerned in this case. But the convenient manner in which a killer plays fast and loose with the majesty of law ought to be an example to juries which are called to serve in future murder cases.—Akron Beacon Journal.

Still a Few More at Large.
It has not been many years since it was the ambition of every person seeking publicity and the limelight to pick on defenseless Niagara Falls. To go over the falls in a barrel or walk across them on a tight-rope was a certain method of attraction. Then, Steve Brody leaped or fell, as the cautious reporters say, off Brooklyn bridge, lived to tell the tale and was a "hero."

In these days of transoceanic flights and other "stunts," some with and some without value, it seems scarcely possible that anyone should turn again to the old falls. Yet that is just what a Pittsburgh girl has done, according to the announcements.
Miss Marie Hall says she has perfected a padded iron barrel in which she will ride over the brink as soon as the weather clears. The police of Niagara Falls say they will not permit it. We hope not. Do you ever force yourself to do the thing most distasteful to you? Like most persons you probably avoid the things you dislike.

The longer you pursue this course the harder it is to change your ways. It is easy to go through life if only pleasant undertakings are to be followed, or if only those things you must do are carried out.

Where is your initiative in disagreeable achievement? It is a great character builder, this doing unpleasant things that ought to be done, because they ought to be done.

It's easy to get a whiter wash with this safe hard-water soap

"RINSO saves me so much time and work that I use it for my wash and for my other cleaning, too. It's great the way it makes our water soft and sudsy."

"I soak the clothes an hour or two in the safe, wonderful Rinso suds before putting them in the washer. They're so bright and white when they come out that about all I have to do is rinse and hang out. Why, even when I boiled them they never turned out nearly as nice and sweet as now!"

"And when it comes to dishwashing and making the house bright and spotless, there's nothing like Rinso. I use it for the floors, sinks, tiles, woodwork and everything. You surely get your money's worth in a package of Rinso."

... Millions use Rinso. Thousands write us letters like this one, which is from a woman living right around here ...

You never saw such lasting suds!

Rinso makes the hardest water soft as rain. Its thick, lasting suds loosen dirt and stains—without boiling, sterilizing, too!

Clothes come from the washer brighter than ever, sweet as clover!

More than 32,000 demonstrators of washing machines use Rinso to show whiter clothes. And the makers of 32 leading washers recommend this famous hard-water soap for safety.

You get your full money's worth

when you buy Rinso, the granulated soap—it's so compact. Feel how heavy the package is. And it's all you need—no bar soaps, chips, or softeners. For best results follow easy directions on package.

For tub washing, too

Rinso is marvelous for tub washing. Soaks clothes whiter than they can be scrubbed. This gentle way saves the clothes—saves your hands.

STOP THE FAT AND GET THIN

The way to reduction is to stop the formation of fat. Modern science has found that way—by turning your food into fuel and energy—by supplying a natural element that helps do that. It is much better than starvation. That modern, scientific method is embodied in Marmola prescription tablets. People have used them for 20 years—millions of boxes of them. Now the results in slender figures, new beauty and vitality, are seen everywhere.

Each box of Marmola contains the formula, also the scientific reasons for results. So you know the effects are beneficial, and why they all occur. Learn what so many have learned in 20 years about it. Do it now. Ask your druggist for a \$1 box of Marmola and learn what it means to you.

Delaney, Heeney Set For 15-round Battle Tonight At Garden

Rapier of North Rules 8 to 5 Favorite to Win

At the Same Time He'll be Giving Away 20 Pounds to Heavyweight Rival; \$180,000 House is Predicted.

By DAVIS J. WALSH.

NEW YORK, March 1.—Blandly playing the qualifying round all over again because there is no medalist to date, Jack Delaney and Tom Heeney, just a couple of boys, will fight fifteen rounds at the Garden tonight for the apparently unavoidable right of taking issue with Brother Tunney in June. Brother Tunney, you know, is the just but firm padre of the flock and it seems that he must, as a matter of discipline, chastise some one publicly at least once a year.

It undoubtedly hurts Brother Tunney more than it does the victim for he is a kindly man at heart and the erring ways of mankind leave him deeply touched. Personally, I think that is about as close as anybody will get to Brother Tunney in June. He will be touched—but not much.

However, that is getting ahead of the story, which is that Delaney, the exponent of all that is sweetness and light, and Tom Heeney, the poor but honest heavyweight, will have at it tonight and, if one of them can contrive to take the play away from the Sharkey-Risiko winner, so much the better. He then will get the technical fun of facing Brother Tunney in all his resolute, young zeal.

Expect Record Gate.

For some reason or maybe none, the cloak and suit men again are clamoring at the portals for admittance to the party. They did much the same for Delaney's meeting with Jim Maloney and saw nothing. They were even more insistent in the case of Heeney's essay against Jack Sharkey and saw even less. But the garden knows its minute men, so called because of the admitted birth rate, and accordingly is preparing for a \$180,000 house, which is almost a record at \$20 ringside prices.

It may be worth it, at that, if only to determine, finally and for all time, whether Delaney really is a rapier of the north, a bean sabreur, a deadly duellist whose thrust is a message of sudden death. These characterizations make for romance, an impression that the man's truly regal bearing and his occasional one-punch killings hardly have served to dissipate.

Most of that money is following Delaney into the house, and Heeney, the poor but honest heavyweight, merely is an obscure but necessary part of the act, from a box office standpoint. What he will be after the fight actually begins may be another matter.

Delaney, the darling of the gallery, ruled a steady favorite this morning at odds of 3 to 5. Why this should be is not for my meagre comprehension. Even a poor heavyweight sometimes is better than a fair light heavyweight and Delaney has yet to prove he is anything better than that.

Heeney 20 Pounds Heavier.
He weighed a bit more than 175 pounds for the commission gumshoe the other day and probably won't be more than 173 for the official show down at 2 o'clock this afternoon. Heeney probably will range in at or around 195 pounds and, if you think this makes no difference, you are here with found guilty of having a frayed cuff in your family closet.

The matter of weight and durability is one of Heeney's advantages. The distance, 15 rounds, is another. Delaney is a sharpshooter and Thomas can be hit. In fact, he will be hit. But he is an earnest soul and those kind can become very tiresome to some one who likes to win early and finds he can't.

Delaney will have his big chance in the early rounds. He will hit this specimen from "down under" many times and oft and it is distinctly up to him to make all of his pot shots count. The only trouble about this is that he has yet to prove that his punch is really effective upon heavyweight epidermis.

If he stops Heeney, the proof will be established beyond further preambles. Thomas only has been on the floor twice in his life and then he got right up. He best can be summed up as follows:

Easy to hit? Yes. Easy to hurt? No.

Heeney Tough and Enduring.

Speed and ring guile are Delaney's advantages but he will have to use them in the early stages of play. Jack proved against Paulino that he cares little for the rugged school of playful tag, particularly when it is sustained over a period of time.

He, however, likes to have a fighter come to him and Heeney won't do anything else. But the fighter must not come too far. For then Delaney is in difficulties. He has neither flair nor stomach for infighting. Heeney simply dotes on it.

Therefore, the fight has only two questions to answer. Can Delaney beat Heeney coming in, as he did Berlenbach and Flowers? Can Heeney accept those punches and still come in? Quite a lot of smart boxing men think he can and will.

I am throwing out the records of the pair. It is true that Delaney looked bad and Heeney looked good against Paulino. It also is self-evident that Risiko beat Delaney and lost to Heeney and that Maloney did likewise.

You simply can't do much with past performances in dealing with the present. If you could, you couldn't enter a race track without a government permit.

EX-PUG HELD ON MURDER COUNT

NEW YORK, March 1.—Raymond Westervelt, former prize fighter, faced a second charge of murder today following the death of his father-in-law, John Reulbeck, from bullet wounds.

Westervelt shot Reulbeck at his home in Ridgewood, a suburb. He also killed his young wife, from whom he had been separated.

When the former boxer was held for action of the Queens county grand jury by Magistrate Gresser on a charge of murdering his wife, his attorney said the tragedy was caused by Westervelt's "punch drunk condition, the result of years of ring pummeling."

MRS. LINDSTROM LOSES VALUABLES

CHICAGO, March 1.—Mrs. Irene Lindstrom, bride of Fred Lindstrom, third baseman for the New York Giants, today offered a reward for the return of a traveling bag containing her trousseau. The bag contained hundreds of dollars worth of lingerie, dresses and \$80 in cash, according to Mrs. Lindstrom. It was lost from the running board of her car while en route from the station to her mother's home here after a brief honeymoon.

Ray Tutoring 16 'Hopes' for Grand Circuit

Regards Daisy Grattan as Promising Pacer.

CLEVELAND, March 1.—Nat Ray, who led the country's reinsmen in money earnings in 1926, is tutoring 16 trotters and pacers at the North Randall race track here for Grand Circuit possibilities.

Ray appears destined to enjoy another good season. Barring mishaps, he should have some formidable candidates for the big stakes.

Ray is particularly sweet on Daisy Grattan, another one of those fast Grand Circuit pacers. This one has been timed in 2:01 1/2 in a race and among other engagements is slated to go against the best sidewheelers in the country in the \$25,000 Page Dairy Pace at Toledo's second Grand Circuit meeting, July 9-14 and the \$25,000 American Pacing Derby at Kalamazoo, Mich., July 16-21.

The remainder of his pacing division consists of Flying Direct, 2:04 1/2; The Girl, 2:04 1/2; Royal Troquois, C. Ray, Elizabeth R., Chilmat and Ruth Grattan.

For the two-year-old trotting futures, Ray has a quartet in Precious Signal, Stout Signal, Gift and Margaret Brewer. The latter two are by the former Grand Circuit star, Peter the Brewer, 2:02 1/2, whom Ray campaigned.

He has one candidate for the \$60,000 Hambletonian three-year-old trotting stake, the Kentucky Derby of the harness turf, in Peter Roanoke. This colt is the property of H. B. Rea of Valencia, Pa., for whom Ray swept the three-year-old trotting futures on the Grand Circuit with Guy McKinney in 1926. Other three-year-old trotters in the string are Nellie Signal, who defeated Spencer, leading money-winning two-year-old trotter of 1927, at Toledo last year and Bay Lee. A promising four-year-old trotter is Peter Greatworth, with whom Ray won over the ice at Toronto, Canada this winter.

AT MILWAUKEE — Tommy Freeman, Cleveland, outpointed Al Van Ryan, St. Paul, 10 rounds.

AT AKRON, O.—O. Christner, Akron heavyweight, stopped Johnny Urban, New York, 6 rounds.

Leo Genet, Akron, outpointed Jack Bentley, Terre Haute, Ind., welterweight, 8 rounds.

AT YONKERS, N. Y.—Johnny Grosso, Mount Vernon, N. Y., heavyweight, won decision over Pietro Corri, of Austria, 6 rounds.

AT TOLEDO, O.—Eddie Shea, Chicago, awarded newspaper decision over Joe Ryder, Brooklyn, 12 rounds.

Johnny Andrews, Toledo, scored technical knockout over Dick Mettee, Pittsburgh lightweight, 2 rounds.

Turf Briefs

Orange Entries Close Monday.
MIDDLETOWN, N. Y., March 1.—Entries to the Orange County Circuit half-mile track trotting meeting are listed to close Monday. The members of the circuit and scheduled dates are: Endicott, N. Y., July 24-26; Elmira, N. Y., July 31-Aug. 2; Goshen, N. Y., Aug. 7-9; Middletown, N. Y., Aug. 14-16. Each has the following events carded: First day—free-for-all trot, \$2,000; 2:10 pace, \$3,000; 2:21 trot, \$2,000; second day—two-year-old trot, \$3,000; three-year-old trot, \$3,000; 2:15 pace, \$2,000; 2:16 trot, \$2,000.

McKinney Foals Arrive.
HANOVER, Pa., March 1.—Two more foals, both fillies, by the world's fastest living trotting stallion, Guy McKinney (4) 1:58 1/2; have arrived at the Hanover Shoe Farms here. Their dams are Helen Dillon (2) 2:08 1/2 and Michallowa, 2:07. Another recent arrival is a chestnut filly by Azoff, 2:14 1/2, Sara Volo.

Comeback for Driver Evans.
URBANA, O., March 1.—Dr. Hugh M. Parshall, Urbana reinsman whose stable accounted for more races than any other last year, will try to bring the Guy Axworthy trotting stallion, Oliver Evans, back to the races this season. This horse has been serving as a progenitor for the last seven years and before his retirement because of an injury was considered a fast colt. One of his chief engagements is the \$7,500 Hotel Commodore Perry trot at Toledo's second Grand Circuit meeting, July 9-14.

Adds Bitter Sweet to Stable.
CANTON, March 1.—A. L. Walter, who brought out the good pacer, Trampsmug, 2:02 1/2, which scored five straight victories on the Grand Circuit last year, has added the four-year-old trotting gelding, Bitter Sweet, to his stable here. The addition is a son of Chestnut Peter (3) 2:05 1/2 and Dover Lassie.

The doubles matches will get under way tonight, beginning at 7 o'clock, with the following entries:

H. Davis and G. White.
J. Buchelt and Christy.
A. McMillen and Morris.
M. Clutter and Ace Eddy.
P. Smith and Shaffer.
Bebout and Blackhurst.
Lafferty and Manypenny.
R. Baker and A. Myers.
B. Runion and O'Brien.
T. Sayre and H. Oliver.
J. Greene and T. Ganas.
R. McHenry and B. Clutter.
T. Pettit and H. Moore.
Hebron and Wilkinson.
Brown and Smittle.

Hurstmen Make Final Bow To Potter Court Fans Friday Night

Battle Cambridge Five To Close Home Season

Local Passers Wind up Season Saturday Night at Martins Ferry and Then Prepare for Tourney Games.

Completing a successful season in respect to games won and lost, Coach Joe Hurt's high school cagers will make their final bow to court fans tomorrow night against the Cambridge school combine.

The Guernsey courtians appear on the Potters' home court in the final home engagement of the 1928 campaign. On Saturday night the Hurstmen will conclude their campaigning for good, so far as scheduled games are concerned, at Martins Ferry.

Both the Cambridge and the Martins Ferry engagements were tacked on to the regular schedule as a result of the postponement of the sectional tournament games until next week.

Ordinarily held on the Friday and Saturday of the first week of March the tourney contests this year will be held the following week, being billed for Friday and Saturday, March 9 and 10.

Inasmuch as the Cambridge quint will be one of the tourney entrants, and usually a strong one, Blue and White followers will have an opportunity for comparison tomorrow night.

Center English sustained a badly twisted ankle in practice last night and while it showed improvement today it was none too good. If it is not entirely well tomorrow night, Coach Hurt will not use him at all, preferring to keep him in condition for tournament contests.

The team as a whole is up on the bit and showing plenty of spirit as the tournament dates near.

Two prelim engagements are billed tomorrow night. The Reserves will tackle the Sigma Deltas again and the girls will play the M. E. church girls.

Nickel Plate Five Defends Top Position

Faces Hot Battle Tonight With B. & O. at Y. M. C. A.

Hot battle is forecast tonight in the Y. M. C. A. Senior league when the Nickel Plates and the B. & O. come to grips in the first real struggle for second half supremacy.

The Plates have been sailing along in great style since the beginning of the half, taking their first three games in a row. The B. & O. passers dropped one and won two and if they can take the measure of the Plates tonight they'll be tied with their rivals for the top berth. On the other hand, if Charley Kidd's outfit comes through with another win, it's going to be hard to stop them for the second half title.

The Nickel Plate-B. & O. scuffle will follow the game between the C. & P. and the P. & L. E.

Antlers Ready for Hot Tilt

Play Tommy Cartwright's Passers Here Tonight.

Elks' club passers of the county league are set for the final appearance of the Salineville Kiwanians on the local court.

Still grasping a slight chance that they may be able to finish in the money the Salineville combine will clash with the Potters tonight on the local court in a contest that promises to be just as hard fought as the other engagement at the tail-end of the first half in which Coach Smith Anderson's lads nosed out victory by a few points.

If Tommy Cartwright's lads are defeated tonight, they'll be definitely out of the race, even if Damascus should lose one. But if they win, they'll still have a chance providing the quakers manage to drop one.

A large crowd is expected out for the engagement.

M. E. FIVE DOWNS SQUIRES, 20 TO 18

Columbian Squires dropped a hotly contested game last night on their own court to the M. E. Quint, 20 to 18. Ashbaugh and Mylar starred for the Methodists while Judge and Walker were the chief performers for the Squires.

DUNDEE FACES COURT CHARGE

LOS ANGELES, Marc 1.—Joe Dundee, welterweight champion, and Max Waxman, his manager, were here today for trial before Municipal Judge Pope on charges of false advertising. The charges grew out of a scheduled fight between Dundee and Ace Hudkins which failed to come off last November. Dundee refused to go on without receiving his share of the purse in advance.

DAVE SHADE IS STILL CONTENDER

OAKLAND, Cal., March 1.—Dave Shade, California middleweight is still to be considered a contender for Mickey Walker's title, it was agreed here today, following a ten round decision won by Shade over Charley Long, Omaha negro fighter, here last night.

CHAMP TO MEET TERRIS' NEMESIS

NEW YORK, March 1.—Eddie Kane, manager of Sammy Mandell, may close a match today between the lightweight champion and Jimmy McLarnin, California star. Whether the bout will be held under the promotion of Jim Mullen, of Chicago, or Tex Rickard of New York, remained in doubt, however, as the managers of the two promoters went into a huddle.

MIDLAND HIGH IN FINAL GAME

MIDLAND, Pa., March 1.—Lincoln high's final court game of the season, originally scheduled for Friday night, has been moved ahead one day and will be played in the local gym against high passers tonight, according to athletic officials.

Midlanders Seek Matches.
MIDLAND, Pa., March 1.—Midland business men's duckpin team of the Crucible league are nearing the end of their league schedule and want to book games either in Midland or on foreign alleys for March and April. Teams interested in booking the Steel City business men communicate with W. J. Beglin, postmaster, Midland, Pa.

"The Moore Gang"

ST. PETERSBURG, Fla., March 1.—The New York Yankees some day may be known as "the Moore gang." Two of the five Moore brothers, Wilcy and Nick, alias Newt, are already with the Yankees, and Manager Hughson has his eye on three others. The three younger ones are Edgar, 20, Dewey, 17, and Lee, 15.

A new rival to Ruth and Gehrig has appeared in the person of Dusty Cooke, a rookie who yesterday equalled Gehrig's feat of parking the ball in a lake outside the training camp of the world's champions here.

Giants Start Grind

AUGUSTA, Ga., March 1.—The training camp grind begins today for the New York Giants, following the arrival of the battery men from Hot Springs, Ark. Jack Cummings, substitute backstop, has developed a sore arm following the release of Catcher Zack Taylor to Boston, and John McGraw was somewhat worried today about his catching staff.

Cue Notes and News

MIDLAND, Pa., March 1.—Frank Schulte turned in a win over "Doc" Benedict in Pusey and Stoffel's billiard tourney last night, eliminating Benedict by a 75 66 count. Schulte made a high run of 19.

L. Rodgers overturned the dope bucket and spilled all its contents on the green felt when he put Frank Kennedy out of the tourney Monday night by a 75-73 tally.

"Stack" Nohe and "Soaps" Wilson will cross cues tonight in the Midland avenue place.

Bancroft on Job

CLEARWATER, Fla., March 1.—Lured by the balmy air and the crack of the bat, Shortstop Dave Bancroft has started training with the Brooklyn Robins a week earlier than he intended. The former pilot of the Braves was in great shape and said he was happy to be rid of managerial cares, particularly the task of "riding" his men.

Manager Robinson threatens to ask for waivers on Jigger Statz, who thinks he should get a bonus if he hits 300 this season, an unusual feat for a Brooklyn player.

Nehf Working Well

CATALINA ISLAND, Cal., March 1.—Art Nehf, the 35-year-old southpaw veteran of three major league clubs, has taken the eye of his new boss, Joe McCarthy of the Cubs. Boss Joe is convinced there is still lots of pitching in Art's good left arm. Nehf is displaying some well controlled curves and a world of speed. Bill Maughan, a young hurler who tried out last year with Cleveland, is also being given the once over by McCarthy.

White Sox Arrive

SHREVEPORT, La., March 1.—The Chicago White Sox, under the direction of Manager Ray "Cracker" Schalk, were open for business at the old stand today. The troupe checked in here yesterday to begin the spring training grind. The first sensation was sprung when it was announced that Bill Cissell, the new \$123,000 beauty, had been insured for \$100,000 against accidents and loss of life.

Harris in Charge

TAMPA, Fla., March 1.—Manager Bucky Harris arrived here today to take charge of the Nationals training activities. All the Natts have now signed except Joe Judge, Muddy Ruel and Tommy Taylor.

Indians at Work

NEW ORLEANS, March 1.—With continued good weather, the Cleveland Indians are engaging in real workouts—bating, fielding and battery practice. Southpaw Billy Bayne is attracting favorable comment due to his glibbed control and pitching form.

Coach Howard Shanks and Pitcher "Gob" Buckeye are slowly recovering from severe colds. Buckeye may get into a uniform today or tomorrow but Shanks will be confined to his room for several days, it was said.

Jim Thorpe's Redskins To Play Here March 14

Bill Powell Lining up "Old Gang"—Shupe, Lippe, Paulsey, Wilde, et al, for Clash With Famous Indians.

Nate Lippe, Dave Shupe, Tony Paulsey and Bill Minehart, all favorites with East Liverpool basketball fans last season, may play for Potter court fans again before the present season closes!

Definite announcement to this effect was made today by William Bill Powell, coach of the Elks' club of the county league last season, coincident with the booking of Jim Thorpe and his World Famous Indians.

Thorpe and his Indians, under the management of Kid Skelley, manager of the Akron club of the International league several years ago, will appear on the high school court on Wednesday night March 14.

Inasmuch as the Elks of the Columbiana county league will be finishing up their league season and, kept busy as they are with the post-season championship series with the Damascus club, Manager Ray Adam of the Antlers did not feel like adding the worries of an extra game to the schedule so the contest will be promoted by the former Central league star.

Manager Skelly and Powell signed contracts here yesterday afternoon.

Today Powell went to work to line up Lippe, Shupe, Paulsey, Minehart, Ray Wilde and any members of the Elks club who will consent to join the ranks of "The Old Gang," as Powell dubs the pickup aggregation, for this particular conflict. With the exception of Wilde all of them have been playing, but the local cage impresario will endeavor to have the former Geneva star in uniform and on the court.

Bill Watkins To Officiate At Mansfield

Local Referee to Handle Northwestern Tourney.

William Bill Watkins, Edgewood avenue, will pack up his whistle tonight and hike for Mansfield where he will officiate for the Northwestern Class A interscholastic basketball tournament preliminary to the state finals at Columbus.

Watkins has two days' work cut out for him at Mansfield when entries from seven counties in the district will compete for the privilege of going to the Buckeye finals. The district takes in Sandusky, Seneca, Erie, Huron, Wyandott, Crawford and Richmond counties.

The scholastic contenders include Norwalk, Fostoria, Mansfield, Bucyrus, Bellvue, Sandusky, Fremont, Galion, Tiffin, Upper Sandusky and Shelby.

Tournament games will get started tomorrow morning at 10 o'clock, with the finals being billed for Saturday. Watkins will be assisted by Referee Dunlap, of Columbus.

"GET SANDINO!" CRY AS FIVE MARINES DIE

Eight Other "Devil
Dogs" Wounded in
Nicaragua.

PLANES IN CHASE

Scouts Enter Jungle in
Search for Rebel
Chief.

MANAGUA, Nicaragua, March 1.—
"Get Sandino!"

This cry rang through the hills of
Nicaragua today as the United States
marine forces redoubled their efforts
to capture the guerrilla leader whose
latest rally against the "devil dogs"
resulted in the death of five men and
the wounding of eight others.

Airplanes zoomed from the valleys
to the mountain tops and flew low
over the jungles while observers
scoured the countryside with field
glasses for clues to the whereabouts
of the rebel band responsible for the
latest American losses.

Scouts penetrated deeply into the
jungle over little-used trails in a wide
search for general Sandino and his
followers.

Meanwhile the wounded were be-
ing rushed to Condega. The dead are
believed to have been buried near
Darali where the bandits fired from
a ranch house upon a pack train com-
manded by Lieutenant Edward F.
O'Day, of New Hampshire, and con-
sisting of 36 marines, six Nicaraguan
militaries and 90 mules with provisions
for another outfit.

The attack occurred Monday after-
noon but the names of the dead and
wounded were not ascertained until
today.

The dead:
Private John C. Pump, Council
Bluffs, Ia.

Private George E. Robbins, San
Antonio, Texas.

Private Albert Schlauch, Jamestown,
North Dakota. Schlauch was not killed
instantly but died the day follow-
ing the ambush after desperate ef-
forts had been made to save his life.

Private Curtis J. Mo, Trenton,
Washington.

Corporal Cicero D. Austin, Crockett,
Texas.

The latest ambush by Sandino's
forces now brings the total number
of Marines killed since last May up
to 21.

Amushing Confirmed.

WASHINGTON, March 1.—Marine
headquarters today received first of-
ficial confirmation of the ambushing
of a marine detachment in Nicara-
gua from Brig. Gen. Logan Duffy,
commander of the Second brigade in
that country.

Feland reported that he is "in re-
ceipt of information" to the effect
that four marines were killed, one se-
riously wounded, and eight others
less seriously wounded, on Feb. 27,
when contact was made between the
small force of marines and a bandit
force between Yali and Condega.

SEEK TWO MEN IN "TORCH DEATH"

NEW YORK, March 1.—The identi-
ties of two men, both of foreign birth,
wanted for questioning in connection
with the past of Margaret Brown,
whose body was burned near Bar-
nardsville, N. J., ten days ago, were
announced today by police.

One is Dr. Louis Clement, a myste-
rious figure whose claim to a discov-
ery of a "gasoline substitute," stirred
the scientific world some time ago.
He is said to have met the slain gov-
erness about five weeks ago through
an accident.

The other is Harry Seigel, 39, al-
leged fugitive from justice from Bay-
onne, N. J., where he is said to face
charges of larceny.

Bakes Angel-food Cake.

The angel-food cake, which Miss
Loren prepared at the opening of
the school today, was filled with can-
died cherries, sliced thinly giving the
cake a contrasting color and an ad-
ded flavor. The baking of this cake
in the Hotpoint electric oven, used
by the instructor, was very simple.

The oven was cold when the cake
was placed in the open. The switch
was turned and the heat control set
for 350 degrees, the baking time be-
ing one hour.

Next came the fluffy omelet which
was prepared on the speed unit with
the switch turned to the "low" tem-
perature. The omelet being very sim-
ilar in mixture to that of the cake,
yet serving a different purpose in the
diet, follows the same temperature
in cooking and serves as the ideal
breakfast.

The tropical gingerbread gets its
name from the coconut which is
used. The cake has a leavening agent
of soda and molasses and is baked in
30 minutes with the heat control set
at 375 degrees. The ham steak broil,
with pineapple rings, also demon-
strated today, was an appetizing dish.

The electrically cooked oven meal
which was silently cooking through-
out the afternoon program was placed
on display at the close of the lec-
ture. It consisted of ham loaf, baked
apples, a casserole dish of onions,
celery and tomatoes and baked sweet
potatoes.

The oven meal demon-
strates the labor-saving idea of elec-
trically-cooked meals in that the elec-
tric timer was set for one and one-
half hour while the heat control was
set for 350 degrees. This enables the
housewife to leave the house while
her dinner is acquiring the complete
perfection of a delicious meal.

MISS STELLA DOTY DIES IN PEORIA

Word has been received here of the
death of Miss Stella M. Doty, form-
erly of this city, which occurred in
the home of her sister, Mrs. J. R.
Richardson, Peoria, Ill., on February
17.

Miss Doty was a stenographer at the
Y. M. C. A. for several years and later
was employed by the Steubenville-
East Liverpool & Beaver Valley Traction
company. She left here several
years ago because of poor health.

CLOSE MINE AS 300 MEN MARCH

Non-union Workers
Quit Shaft at
Doanville.

NELSONVILLE, O., March 1.—Fol-
lowing a reported march by 300 union
miners to the Joe Davis mine at Doan-
ville, late yesterday, the mine today
had suspended operations.

About 15 men have been at work
in the Davis mine at wages lower than
the union scale, according to reports.
All of them quit when the unionists
marched to the mine yesterday. It was
reported, and there was no violence.

National Guard officers, stationed in
the vicinity to supervise the feeding of
miners' children, witnessed the
march.

REPORTS FROM STOCK MARKETS

NEW YORK, March 1.—A few of
the industrial stocks and specialties
moved upward moderately at the be-
ginning of trading today, in contin-
uation of Wednesday's short cover-
ing movement. The oils made fur-
ther response to the firming up of the
crude and refined oil markets, and
the motors commanded a slightly
higher level of prices.

With the last of the federal reserve
banks coming into line on the 4 per
cent rediscount rate, Wall Street was
not much concerned over the money
market situation. Unless general busi-
ness conditions improve, bank funds
which otherwise might be employed
in financing trade and industry will
find their way to the stock market,
competing with money already em-
ployed there at low rates.

The motor stocks and independent
steels were active and firm, with a
good demand for Nash, Hupp and
Hudson in the former group, and
Youngstown and Crucible in the lat-
ter. Copper stocks were irregular, due
in part to the decline in market prices
of zinc, lead and other metals pro-
duced by the big smelting and metal
refining companies. A few of the pool
favorites were under selling pressure,
but losses were mostly fractional.
Rails were inactive rather than weak,
and the rubber stocks set off on re-
ports that the Ceylon authorities had
already taken steps to remove all re-
strictions against crude rubber ex-
portation.

BURTON LEADS FIGHT AGAINST "LAME DUCKS"

Vote Tuesday on
White-Norris
Proposal.

FIVE-YEAR ROW

Resolution Changes Con-
gress Session to
Jan. 4.

WASHINGTON, March 1.—Represen-
tative Theodore Burton (R) of Ohio,
one of the conservative leaders of the
house, today was named to lead the
fight for the adoption of the White-
Norris constitutional amendment to
abolish "lame duck" sessions of con-
gress.

Backers of the measure hailed Bur-
ton's acceptance of the post with en-
thusiasm, declaring that it would an-
swer the complaint of "radicalism"
which has been raised against the
measure. After a five-year intermittent
fight over the proposal, house lead-
ers agreed to bring it up for a vote
next Tuesday.

The amendment proposed by Rep-
resentative White (R) of Kansas prob-
ably will be pushed ahead of the re-
solution of Senator Norris (R) of Ne-
braska, which already has passed the
senate. Differences would be worked
out in conference committees.

The White resolution changes the
date of presidential inaugurations
from March 4 to January 24, and
would call congress into session on
January 4 each year, instead of the
first Monday in December. It contin-
ues the short session principle, by
providing that sessions in even-num-
bered years would end on May 4.

"I am fully committed to the prin-
ciples of the resolutions," explained
Representative Burton. "I think the
interval between the election of presi-
dent and members of congress and the
inauguration and taking of
seats by members is too long. There
should be a more immediate response
to the popular will. In no other coun-
try is it possible for a member of
congress to be delayed in taking his
seat until 13 months after election.

"I do not think it is right to have
a session of congress after election
composed of many members who were
defeated at the election. You can con-
ceive of this situation—the outgoing
congress, which may have been de-
feeted, could inaugurate policies which
would prevent the carrying out of the
expressed will of the people."

The long delay in the inauguration
of a president and assembling newly
elected members of congress origi-
nated in Colonial days when the coun-
try was sparsely populated, he said.
Modern transportation, he said, has
made the plan obsolete.

Some opposition to the resolution
is expected by Burton, and a two-
thirds vote will be necessary to adopt
it.

DEATH ROLL

Funeral services for Charles E. Ge-
feller, 53 years old, retired bakery
shop owner, will be held at 2:30 to-

67-year-old Rows 1,500 Miles In 129 Days

NEW YORK, March 1.—"Arrived
o. k."

That message was received today
by Mrs. Charles Sellitz, whose 67-
year-old husband started out 129
days ago from the Battery here to
row to Miami, Fla. The trip is ap-
proximately 1,500 miles.

DR. LAWTHER KIWANIS GUEST

Pastor Tells of Visit
to Pompeii and Mt.
Vesuvius.

Rev. J. H. Lawther, Ph. D., pastor
of the First Presbyterian church, was
the speaker at the luncheon meet-
ing of the Kiwanis club in the grill room
of the Travelers' hotel, East Fourth
street, today. His subject was "Going
to the Top."

About 55 members and their guests
attended the meeting. President Ralph
Couch presided.

"So many of us are tempted to be
satisfied with what we are and what
we have," said the speaker. "Many of
us are satisfied with our own club, our
business and our city."

"We are either going down or going
up. A lot of those who are going
down think they can stop by using
their brakes but they are mistaken.
Don't depend on your brakes when you
are going down a hill. Don't take un-
necessary risks. There is a lot of risks
we are compelled to take without tak-
ing those which are not necessary."

"Let us continue to go up and to
make our business, our city and our
club the best in Ohio."

In illustrating his talk Dr. Lawther
told of a visit to Pompeii and Mt. Ve-
suvius which he and three companions
made several years ago.

TODAY

(Continued from Page One).

STEFANSSON, Arctic explorer,
tests in a hospital, under medical su-
pervision, a diet consisting exclusiv-
ly of fresh meat and water. Thousands
within the Arctic circle live on such
a diet for months at a time, some of
them eating as much as 20 pounds of
fresh meat in a day.

BUT it is not a good diet. Men were
put on the earth to cultivate it, and
should eat all of its products, the
spices and the oranges of the South,
and the red meat from the West. But
if compelled to choose between all
meat and all vegetables, choose the
meat.

You probably will not live as long,
but you will think more. A vegetable
diet is not good for thinking.

STOCK of a street car trust in New
York hopped up on the Stock Ex-
change Wednesday. A learned United
States judge ordered authorities to
show cause why that trust should not
increase its fare from five to seven
cents. That increase would mean
about forty million more dollars a
year, taken from the pockets of the
working people of New York.

ONE "cause" that could be men-
tioned is the fact that the street car
monopoly has a contract with the city
limiting fares to five cents. In the
case of ordinary citizens signing a
lease that would be cause enough. It
may be otherwise with a big corpora-
tion that needs the money.

MOSCOW statistics for 1927 show
four divorces for every five marriages.
Divorces may equal marriages. That
is not as bad as it seems. Some young
Russians, according to report, are di-
vorced five and six times in one year.

RUSSIAN authorities say this is a
proof of good morals, proving that
young people insist on retaining the
marriage status, even if they change
every month, and that they will not
sink to promiscuity. This must stir
emulation in our young "trial" and
"companionate" marriage enthusiasts.

DORIS McDONALD MAY EVADE NOOSE

MONTREAL, Quebec, March 1.—
That George McDonald will die on the
scaffold in Valley Field on March 23
for the murder of Adela Bouchard,
according to sentence, but that Doris
McDonald, his 20-year-old wife,
will escape the noose and have her
sentence commuted to life imprison-
ment, was predicted today by Allan
Smith, president of the national com-
mittee of the Canadian Prisoners' Welfare association.

blehead hospital today.

The shooting occurred on the porch

its shot Mrs. Johnson after holding
up her husband on the porch, obtain-
ing about \$80 from him. Mrs. Johnson
started to speak to the gunman and
he fired point-blank, the bullet lodg-
ing in her head.

the new governor-general of the Phil-
ippine islands, steamed into Manila
harbor today.

In honor of Colonel Stimson a leg-
al holiday had been declared and
20,000 people gathered at the historic
Luneta to listen to the inaugural ad-
dress of the new administrative head
of the islands.

"The attention of the Filipino peo-
ple of the last generation has been
concentrated on the political rather
than the economical development,"
Governor Stimson declared during his
address. "But the Philippines today
are possessed of political connection

Remus' reaction in court when he
was "goaded" by Walter K. Sibbald,
attorney for the state, and that his
conduct strengthened their opinion
he is sane.

Remus, in the present hearing be-
fore the court of appeals, is trying to

Doctor Found What is Best for Thin, Constipated People

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his "calls" were on women, children and babies. They are the ones most often sick. But their illnesses were usually of a minor nature—colds, fevers, headaches, biliousness—and all of them required first a thorough evacuation. They were constipated.

In the course of his 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with psyllin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug stores as it previously had in his private practice. Now, the third generation is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day some one somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being used a year.

Its great success is based on merit, on repeated buying, on one satisfied user telling another. There are thousands of homes in this country that never without a bottle of Dr. Caldwell's Syrup Pepsin, and we have got-

ten many hundreds of letters from grateful people telling us that it helped them when everything else failed. Every drug store sells Dr. Caldwell's Syrup Pepsin. Keep a bottle in your home—where many live some one is sure to need it quickly. We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

Trustee for Church Bondholders Sought

Suit is Filed in Court by Paul V. Vail; Plaintiff Alleges Default in Payment; Asks Foreclosure.

Removal of George Ingram, former mayor of Wellsville, as trustee for bond holders for the First African Methodist Episcopal church, Wellsville, is sought in a petition filed in common pleas court, Lisbon, by Paul V. Vail, through his counsel, Harry Brokaw of East Liverpool.

Vail, asserting that he is the holder of a number of bonds issued by the congregation, declares there has been default in payments. It is also charged that the trustees have failed to institute foreclosure proceedings under the terms of the trust agreement, and the applicant now asks the court to name another trustee to succeed Ingram and proceed with a foreclosure action.

Vail, who is a non-resident of the county, says in his petition that he is the holder of a number of \$25, \$50 and \$100 bonds issued by the church people. Vail, asserting that he is the holder of a number of bonds issued by the congregation, declares there has been default in payments. It is also charged that the trustees have failed to institute foreclosure proceedings under the terms of the trust agreement, and the applicant now asks the court to name another trustee to succeed Ingram and proceed with a foreclosure action.

LEAP YEAR FAILS TO BOOM DAN CUPID'S BUSINESS IN COUNTY

Figures for January and February Show Loss of Seven in Marriage Licenses Compared With 1927.

LISBON, Marc 1.—Leap year is not affecting the marriage license record in Columbiana county when compared with former years. In fact, figures for the first two months show a decline of seven under the record for the same period in 1927.

Twentyseven licenses were issued by Probate Judge Lodge Riddle during February and 32 in January.

One year ago the record stood at 49 licenses in January and 30 for February. For 1926, the January record was 31 licenses with 27 for February, and in 1925 record was 35 for January and 52 for February.

The last leap year record, or in 1924, the January total was 39, with 45 for February.

There were 20 less licenses issued during January and February than during the same two months in 1927. The February record of 52 licenses in 1925 was the largest in this county during the last 10 years.

Case Dismissed. LISBON, March 1.—Case of Walter J. Saunderson against Harry J. Moyer to recover on a promissory note for \$13,500 has been dismissed at the costs of the plaintiff. The action was filed last July.

Damage Verdict Returned. LISBON, March 1.—There was a trial to the court in the \$50,000 damage action filed in common pleas court recently by Ernest Smith against Thomas C. Russell. A verdict of \$500 was rendered in favor of the plaintiff. Motion for a new trial has been waived by the defendant.

Marriage License. LISBON, March 1.—A marriage license has been issued to Edward Miller of Youngstown and Maxine Hart of Winona and daughter of Mr. and Mrs. L. Hart. They were married at Lisbon by the Rev. C. N. Church at the parsonage of the Methodist Episcopal church.

Invitations have been extended by church officials to other churches of the city, and especially to the women's missionary societies.

Mrs. H. L. Zachman, Canton, will have charge of the devotional. Third quarterly conference meeting will be held on Friday night. W. H. McLaughlin, presiding elder, will speak at 7:30.

FIRST BIRTHDAY FOR 4-YEAR-OLD

Although she's only four years old, little Wynette Lounds, daughter of Mr. and Mrs. William Lounds, Main street, yesterday was given her first opportunity to hold a birthday party. She was born four years ago on the 29th of February, but because there have been no February 29's until yesterday she had no "birthday."

Twenty-three of her little friends helped her observe the event. A pink and white color scheme was carried out in the decorations. A cake, bearing four small candles, occupied the place of honor on the table at luncheon.

Places were laid for Marjorie Shea, Maxine Rosenberg, Virginia Trembley, Mary Lou Petty, Florence Drum, Bianca Eckfeld, Norman Eckfeld, Bobby Williamson, Alice Jean Miller, Sarah Ferguson, Paul Miller, Bobby Miller, Marie Reil, Geraldine Reil, John Dales, Billy Dales, Jean Geisse, Margaret Gorrell, Jane Gorrell, William Gorrell, Jane Hogenmiller, Charles Hogenmiller and Earl Delmer.

NAME THREE IN TRAIN ROBBERY

**Alleged Ringleaders in
Grand Trunk Job
Indicted.**

CHICAGO, March 1.—Three alleged ringleaders in the \$133,000 Grand Trunk mail robbery here last Saturday morning were under federal indictment today.

Those named in the indictments are:

Charles "Limpy" Cleaver, in whose

home \$17,600 of the loot was recovered; William Donovan, who is said to have been the "brains" of the hold-up plot, and Frank Meccia, an expert on explosives who is said to have engineered the dynamiting of the "bandit proof" mail cage door.

It was reported that three other suspects, still at large, were also named in grand jury true bills. Their names were not disclosed.

Biggest Water Locks In World Will be Completed May 1

LOCKPORT, Ill. — The "largest locks in the world," the great iron gates of the Illinois waterway here, will be completed May 1, it is estimated.

Steel plates are being placed upon the south gate and the motors for their operation will be installed soon. Each leaf of the gates requires 350 tons of steel. They are 62 feet in height and provide a lift of 41 feet from the lower to the upper level, the greatest of the series of five locks between Chicago and Utica. The locks here are 600 feet in length and 110 feet in width. The approximate cost will be \$2,000,000.

Woman Factory Worker Seeks Citizenship to Bring Children Here

KALAMAZOO, Mich. — Mrs. John Kish has resumed her attempts to master enough of the English language to pass the government examination that will make her an American citizen and permit her to bring from Hungary the three children she has not seen in six years.

Recently she failed for the second time to pass the naturalization board examination. She has worked every day for the last six years in a mill. Most of the money she earned is sent to the old country for her children's support. What little time she has to herself is spent in studying to become an American citizen.

COSHOCTON, O., Feb. 29.—Reopening of the bank of West Lafayette was assured today following the action of stockholders, in a meeting late yesterday, in assenting to a 100 per cent assessment, fixed by the state banking department.

Though the adult has been completed, the institution will remain in the hands of the state banking department until he assessment is paid.

BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

ABANDON HOPE OF WIPING OUT CORN BORER IN UNITED STATES

**Agriculture Bureau
Hopes to Minimize
Losses.**

CLEAN-UP URGED

**Dr. Marlatt Appears
Before Horticultural
Board.**

WASHINGTON, March 1.—Experts of the department of agriculture have abandoned hope of completely wiping out the European corn borer in the United States, Dr. C. L. Marlatt, chairman of the federal horticultural board, told the house appropriations sub-committee on the department's budget, it was disclosed in hearings here.

The department hopes to minimize losses through educating farmers to clean up their land, he said.

At the same time, department experts asked a \$150,000 appropriation to develop substitutes for corn should the corn borer sweep the country.

"There is no possible means of eradicating the corn borer," said Dr. Marlatt. "The ultimate spread of this pest through the United States can be prevented. We may delay it; and that is the whole proposition we have before us now—that, and studying and developing means of control."

Farmers, by cleaning up and burning corn stalks and rotting crops, can minimize the danger, he said.

The corn borer which has been prevalent in Canada and some far eastern states for years, now is in Ohio, Indiana and Michigan, he said.

British Sailors Seek Right to Walk Out In Civilian Clothes

PORTSMOUTH, England — Lower ranks of the British navy are agitating for the extension of the privilege of "walking out" in civilian clothes.

The suggestion was turned down by the admiralty last December, and the disappointment of the lower deck was intensified by the fact that the war office simultaneously granted the concession to the rank and file of the army.

Pittsburgh Lady Tells her Experience With Colorless Liniment.

Mary G. White, 233 Sheridan Ave., E. Liberty, Pittsburgh, Pa., says in her own home paper, the Pittsburgh Gazette Times: "There were times when breathing was quite difficult, also had a smothering sensation and was quite nervous. This has all been relieved by Sorbol Quinoline. Will be glad to tell or write my full experience to anyone." Made by Sorbol Company, Mechanicville, Ohio. Sold at drug stores everywhere. "Lindbergh Beach" is Officially Named by French Coast Town

PARIS—Saint Lo's Ourville, a microscopic community on the Channel is the first town to be put on the map by trans-Atlantic flying. It now boasts a Lindbergh Beach. Imitators beware. Use of the name has been officially sanctioned by young Colonel Charles himself.

By a mere chance Lindbergh landed the Spirit of St. Louis at Saint Lo on the way home last summer simply because Saint Lo happened to be near Cherbourg where the airplane was dismantled and shipped home. At the request of Saint Lo's mayor Commander Weiss, of Le Bourget, the Paris airport, asked Lindbergh to lend his name to the town. Now Saint Lo has undeniable proof of its historic importance and hopes, some day, to blossom out in rivalry to such famous

seaside resorts as Deauville and La Baule.

Glasgow will build at once 1,000 municipal homes for workers.

King George Orders Move to Save Burns' "Auld Haunted Kirk"

LONDON — The "Auld Haunted Kirk" at Alloway, Ayrshire, the centuries-old church which formed the background of Robert Burns' famous poem, "Tam O'Shanter," is soon to be rescued from its state of dilapidation, and made an ancient monument under the protection of the state.

Through the efforts of Captain E. P. Gaston, formerly of Chicago, an American antiquarian who has spent many years in England, the King decided to commission the Office of Works to look into the matter, and make all arrangements necessary so that the ancient structure may not be left to the ravages of time.

ANNIE LAURIE'S TIMELY ADVICE

By Annie Laurie.
Dear Annie Laurie:
I am a girl of 19 and am very much in love with a boy 21. We went together for two months, but lately he seems to have changed. Do you think there is another girl? We were to be married next month. Please advise me what to do.
BROWN EYES.
Brown Eyes: I think it was unwise for you to become engaged on such short acquaintance, my dear, and if your friend is so fickle as to have already had a change of heart, you are lucky to have discovered it before it was too late! I would advise you to have a talk with him and determine just what his attitude is. If he seems in any way uncertain of himself or you, I think it would be advisable for you to suggest that you break your engagement, temporarily at least, until you straighten matters out. If, on the other hand, you find he is concerned for another girl, I would advise you to be sensible about the matter and realize that if he is fickle and superficial, you could never have been happy with him and cease to be concerned about him. Let your talk with him guide you as to your future plans.

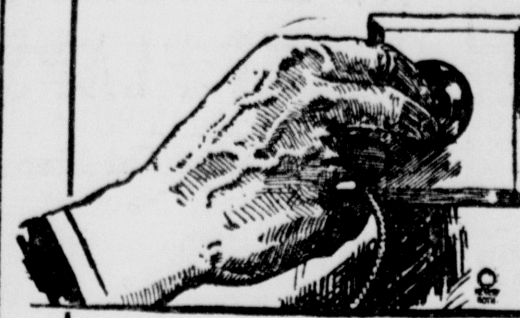

Cuticura Heals Eczema Over Neck Arms And Hands

"My eczema started with little blisters and itched and burned so at times that I could hardly stand it. It was all over my neck, arms and hands, and when I scratched the blisters would break, causing the trouble to spread. My clothing aggravated it, and I could not put my hands in water for any length of time. There were times I could not sleep on account of the irritation. I tried other remedies without any relief. I began using Cuticura Soap and Ointment and they gave relief. I continued using them and in three or four months I was healed." (Signed) Mrs. Fred Voels, 1403 Pearl St., Columbus, Ind.

Use Cuticura Soap, Ointment and Talcum to promote and maintain skin purity, skin comfort and skin health; the Soap to cleanse and purify, Ointment to soothe and heal, and Talcum to powder and refresh.

WOULD you write a letter for \$250.00? A few minutes of your time may bring you one or both of the first prizes. There are thirty-six prizes, all cash, to be distributed. Read the simple rules, and write. You may enter both divisions of the contest and submit as many letters as you like. Try your skill and win some extra money.

The Two Subjects

1. The best letter on "Why I Like Climalene."

(Letter on this subject not to exceed 350 words.)

2. Here is a list of the many ways I have used Climalene.

(You may use as many words as you care to on this list.)

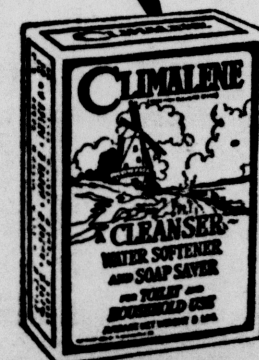

PRIZES

First prize on each subject	\$250.00
Second prize on each subject	100.00
Third prize on each subject	50.00
Fourth (five prizes) on each subject	10.00
Fifth (ten prizes) on each subject	5.00
36 Prizes in all	

The names and addresses of the winners will be announced to all contestants, by mail, and prizes awarded, as soon as possible after the closing date of the contest.

This Contest Closes March 20, 1928

- You may write on both subjects and submit as many manuscripts as you care to submit.
- Write your name and address on each paper.
- Neatness counts, so write plainly on only one side of the paper.
- Everyone in the family may enter the contest but all letters must be mailed separately.
- You do not need to purchase a package of Climalene to enter this contest.
- Employees of the Climalene Company or their immediate families are not eligible.
- Manuscripts will not be returned.
- Judges are not members of the Climalene Company, and their decision will be final.
- Address envelopes to "The Climalene Company, Canton Ohio, P.O. Box 464."

Care of Babies

This baby has never had a day's sickness and never a cross or fretful spell that lasted an hour. And what do you suppose is responsible for this healthy, happy condition? Not diet, for he has eaten just about anything and everything a child could eat. Not drugs, for he has not been dosed with opiates; he has never had a drop of paregoric. Nor has his sensible mother ever made him taste castor oil. Yet his nerves are sound and his little bowels are strong, and when he does seem the least restless or wakeful, or out of sorts—or likely to be—his mother has him all serene again in ten or fifteen minutes!

The secret of this complete freedom from the many ills and upsets so common to infants? Plain old-fashioned Castoria. A million and more mothers swear by Castoria, and no wonder! A few drops and an approaching fever, colic, diarrhea or constipation seems to vanish in thin air. Castoria is purely vegetable; that is why physicians tell parents they may use it

freely with children of any age—the youngest infant. And how they love the taste!

One word of warning; get the pure, real Castoria. Fletcher's Castoria is the original. It is the kind doctors specify. And with every bottle comes a book on "Care and Feeding of Babies" that is worth its weight in gold to any mother or prospective mother. So, remember, tell your druggist you wish Fletcher's Castoria.

DIRIGIBLE HOP NO BOOST FOR BLIMP PLANS

Indifference Threatens
to Defeat Navy's
Plans.

ASK \$8,000,000

Preparedness Bloc Calls
for Two New
Ships.

WASHINGTON, March 1.—Despite the Los Angeles' record-smashing flight to Panama, official indifference in the house today threatened defeats to the navy's plans for developing huge dirigibles as a part of the national defense.

A preparedness bloc in congress, will fight for an \$8,000,000 appropriation for immediate construction of two new navy dirigibles, larger than any now in use. The money was authorized two years ago but work has not started because the house failed to appropriate the necessary funds, even though the senate favored such action.

Two significant trends in aeronautics will feature the dirigible battle. First, the move of military strategists to transfer all control over dirigible activities to the navy department, and second, the abandonment of semi-rigid "blimps," such as the army now uses, in favor of the great rigid dirigibles. These developments were due to the frequent successes of the Los Angeles on military missions and a decision, among experts, that the small "blimps" had little or no military value.

From a military standpoint, the Los Angeles could have made the trip loaded with huge bombs, instead of with ballast, bombed Cuba from the air and then landed safely at Panama under the shelter of American airplanes and anti-aircraft defenses. It

was pointed out that the present army "blimps" could not have made the trip, through lack of fuel-carrying capacity, and couldn't have made even shorter trips, through inability to carry heavy bombs. The same shortcoming, it was added, would apply to airplanes on a 2,000-mile flight.

SCHOOLS CLOSE
EARLY IN JUNE

Term is Extended Because of Deferred Opening.

Grant district public schools will not close until the first week in June, according to an announcement made today by school officials.

Opening last September was deferred for two weeks owing to infantile paralysis in the district. This time, according to the state law, must be made up at the end of the term.

OPENS MARCH 12

Large number of civil actions are on the calendar for the coming term of circuit court which opens at New Cumberland on Monday, March 12, when the grand jury will meet to investigate criminal charges.

REV. J. L. McQUEEN
REVIVAL SPEAKER

Rev. J. Lloyd McQueen, pastor of the Boyce Methodist Episcopal church, East Liverpool, will deliver the sermon tonight at the revival services in the Church of the Nazarene. Rev. Lena McKee, of East Liverpool, preached last night.

The meetings, which have been in

progress for three weeks, are being largely attended. Special music is being featured.

COMMENCEMENT
TUESDAY, JUNE 5

Members of the Grant district board of education, meeting Tuesday night in the Wells building, dismissed plans for the annual commencement. While no definite date was fixed, it is probable that the exercises will be held on Tuesday, June 5, in the First Presbyterian church.

Baccalaureate services, which will be in charge of the Christian church, will also be held in the Presbyterian church owing to its larger seating capacity, Supt. A. D. Armstrong said.

Prosecutor in Charleston. Prosecuting Attorney Thomas S.

For 9 Years Gas
Ruined Her Sleep

"I had stomach trouble 9 years, and gas made me restless and nervous. Adlerika helped me so I can eat and sleep good."—Mrs. E. Touchstone.

The simple mixture of buckthorn bark, glycerine, saline, etc., (known as Adlerika), has a most surprising DOUBLE action. First, it acts on BOTH upper and lower bowel (most medicines act on lower bowel only) and removes foul matter that often poisons the system for months. Second, Adlerika clears all GAS and sourness from stomach and bowels, bringing INSTANT relief from stomach trouble. And in addition Adlerika removes metabolic poisons which cause neuritis, rheumatism, etc.

Dr. H. L. Shoub, New York, writes:

"Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria and bacilli."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated."

It will astonish you the great amounts of poisonous matter Adlerika brings out—matter you would never believe was in your system. In chronic constipation, gas bloating, sour stomach and sick headache, just ONE spoonful Adlerika brings wonderful relief. At leading druggists. Sold in East Liverpool by Carnahan Drug Co. and other Druggists.

VANILLA

Vanilla is probably the most widely used flavoring extract and naturally there are different grades of Vanilla extract and more different mixtures offering the same delicacy of flavor as the extract made from Vanilla bean.

There is no substitute for extract made from Vanilla bean only as added ingredients do not make for a delicate flavor but rather make a strong uninviting flavor.

Owl Extract of Vanilla is made from Vanilla beans carefully selected and handled properly in their laboratory to produce a Vanilla extract of rare delicacy and at the same time exceeding most pure Vanilla Extracts in strength.

KELLOGG ASKS SUPPRESSION OF ALL WAR

Diplomatic Circles
Stirred by Answer
to Briand.

HITS PARIS PLAN

Washington Expects
Rejection or Vitiating
Qualifications.

WASHINGTON, March 1.—"All war is an assault upon the stability of human society and should be suppressed in the common interest."
Diplomatic circles here were stirred today by this declaration of Secretary Kellogg in his reply to the last French note on the Briand proposal for a treaty to outlaw war.
No informed person here expects that anything definite will come of the present effort between France and the United States, for the Kellogg proposal disregards the cardinal point of French policy—security—and is certain to be answered either by rejection or vitiating qualifications.

**Catarrhal
Deafness
Unnecessary**

In catarrhal deafness there is a constant inflammation of the little air passage from throat to ear. This partially closes this tube, so the air cannot pass freely, and the result is distressing, rumbling noises, feeling of fullness and dulled hearing. Relieve the inflammation of mucous membranes with Hall's Catarrh Medicine, and this condition clears up, inflammation is reduced, and Nature quickly restores a normal condition. Successful for over 40 years. Ask your druggist. Price 85c.

to limit the force of the proposed treaty to wars of "aggression," Kellogg challenged the good faith of foreign minister Briand and renewed the United States' demand for a multilateral treaty between all the world powers forever renouncing war as an instrument of national policy.

France Modifies Proposal.
This was the scope of the original Briand proposal of last June, intended to be effective only between the United States and France. On January 3, Kellogg proposed extension of the principle to all world powers. France objected that the multilateral treaty would encroach upon her obligations as a member of the League of Nations, and modified the original proposal to apply only to wars of aggression.

Chiding Briand for "a technical spirit," Kellogg again asked France to be party to "an unequivocal and unqualified renunciation of war as an instrument of national policy."

How, he asked, in effect, do the league obligations permit a two-power treaty to this effect and yet militate against a six power pact?

Calls For Renunciation.
"The difference," Kellogg declared, "seems to me to be one of degree and not of substance. A government free to conclude such a bilateral treaty should be no less able to become a party to an identical multilateral treaty."

Air Traffic Rules Arranged in England To Prevent Crashes

LONDON — In order to lessen the danger of collisions between airplanes, several important amendments have recently been added to the Air Navigation Orders.

One provides that every plane, when flying by compass along the straight line joining two points on an air traffic route in common use, must keep such a line at least 500 yards on its left.

Aircraft following an air traffic route which has been officially recognized, must keep a route 300 yards to its left.

Thus, aircraft will invariably be on the right side of landmarks and navigation points, and "keep to the right" will be the general rule.

For the first time known, a shark and a white sturgeon were caught recently at Nova Zembla, the Arctic island in the Kara Sea, and observers there say that this indicates that a warm ocean current has shifted so that it now skirts the shores of the island.

GENERAL ELECTRIC Refrigerator

Perfect Refrigeration

Simplified Quiet Economical

Just what does simplicity mean in connection with an electric refrigerator? It means that it can be installed in a few minutes, that it will run indefinitely without oiling or attention. It means lower current consumption and more constant temperature. And it means perfect refrigeration that keeps food fresh, luscious and wholesome.

All the moving parts of the General Electric Refrigerator are enclosed in one hermetically sealed housing that keeps efficiency permanently in and trouble permanently out.

Over a period of fifteen years, sixty-four engineers worked toward this great electrical achievement. They made several thousand models of nineteen different types—field-tested them, improved them... and went on to something nearer perfection. Only an organization with the world-wide facilities and the unlimited resources of General Electric could have put so much manpower and so much money behind the development of a single product.

Models for every home are now on display. Come in and see them and learn the convenient terms on which they may be purchased.

Skin Eruptions

successfully treated from within

SKILLED physicians recognize the appearance of pimples, boils and other skin eruptions as being an indication of an abnormal condition of the system.

This is why so many thousands have been enabled to free themselves of these unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself and friends to give S.S.S. a trial. It helps Nature build rich, red blood—those vitalizing elements in the blood that build and sustain the body.

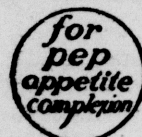

In building rich, red blood cells, S.S.S. improves the processes by which the body is nourished.

"I suffered from impure blood—was weak, and I had lost so much weight, I didn't look natural. I had pimples, and was also bothered with a breaking-out that itched terribly. I also had boils one after another. I tried different kinds of remedies, but nothing did me any good until a friend advised me to take S.S.S., which I did. This was some time ago. Now I feel well,

and I am getting along fine. S.S.S. stopped the itching and it cured me of boils. I advise all weak and run-down people to give S.S.S. a trial. It clears up the skin and makes you strong and fills you with energy."—Mrs. J. W. Barker, 1337 Walnut Street, Cincinnati, Ohio.

BROADWAY

A Thrilling Story of the Night Clubs
By Phillip Dunning and George Abbott.

Behind the office door, Steve Crandall cursed. The Greek under his breath and crumpled a cigarette into gold flakes between his fingers.

"Thought you said you didn't see Steve all day?" flashed the dick.

"I-I didn't," Nick stammered—"he called me on the phone—he told me—"

"Oh," said Dan laconically—"Well, see you later."

Nick trotted after him. "You coming round again?" he asked anxiously.

"Oh, I don't mean to-night," Dan flung back.

McCorn was strolling away when Pearl and Ruby came down the stairs, ready for the next number. Pearl carried her black handbag under her arm and walked with boyish head lowered.

"She's still around, huh?" Dan commented, looking after her.

"Why not?" Nick asked.

McCorn thought that the wild party might have been too much for her, but Nick informed him that those kids were tanks and could drink any ten men under the table. Dan smiled faintly and left, taking the same direction as Pearl.

Waiting a few moments behind the door until he felt sure he was safe, Steve then stepped out. He was now twitching with nervousness, obviously losing more control every moment. His voice was harshly strained—"What does he want?"

"Nothing important," he says. Nick returned in a lowered voice—"just asked for you. I said you wasn't here like you told me."

"He's got nothing on me—not a thing—" said the boot-leger, beginning to walk up and down. He attempted to strike a match; broke the head; struck another, but could scarcely light his cigarette, his hand trembled so. Nick watched him closely for a moment before speaking. "Say, listen, what's the matter with you? Soon as somebody mentions this dick McCorn, you go up in the air. What's the reason for this?"

"I'm all shot, I tell you," Steve rasped out—"too much booze last night, I guess, and—oh, a lot of things—" He started violently, hand springing to his pocket, as some one began to try the alley door. "Take a look first!" He commanded the Greek.

Nick peered through the grated peephole. "It's Dolph." He unblotted the door and opened it, admitting the wiry little man who hurried down at once to Steve. His face was pasty.

"What's the matter?" Steve demanded.

"Why—I—a—" He couldn't seem to release the frightened words.

"What is it?"

"There's a guy out there been walking up and down—passed by a dozen times—makes me nervous," he explained, brokenly.

"A dick?"

"Either that or one of Scar Edwards' bunch," conjectured Dolph. "Nobody I seen before."

Dolph spoke under his breath—"Ain't there some way for you to get out of here, Steve—now—before—"

"No, I'm not ready yet," Steve snapped—"I'll break cover in an hour. Go on, wait out there."

Dolph protested, weakly. It wasn't safe in that alley for anybody. One of the Edwards' crowd might take a shot at him with a silencer; but Steve ordered him out, and mercilessly pushed him through the door, bolting it again carefully. He stood a moment, breathing heavily, moping his forehead with the silk handkerchief.

"I don't get this business, Steve," Nick complained.

Steve crossed to him, wavering a little, unsteady on his weakening legs. "Listen, Nick," he began—"you and I been best kind of pals for a long time. I'd shoot the works for you and I hope you would for me—"

"Sure I would," said Nick cautiously, "what you want?"

"I'm going to blow to-night," Steve spoke hurriedly—"I don't want to have any slips. This bull McCorn is getting too curious. He thinks—some of my mob got Edwards'."

"Did they?" Nick shot at him, searching his white face.

"No, they didn't! Now listen, I want you to get Joe or someone you can trust to beat it over to Charlie's and tell him to bring his car, not mine, they know mine—and leave it at the back entrance for me—"

"You can phone him," Nick said, not interested in this suspicious scheme.

"No, these dicks might have the wires tapped—sending Joe is safer," Steve explained. "After the show, I'll take Billie and a couple of these broads and pile into the car. Looks like we're going for a joy ride, savvy? Then if they trail us, when I get 'em out on the Post Road, I can lose 'em, see, but they won't think I'm going to blow, so long as I got the girls with me. I can get rid of the ones I don't want later on."

It was a plan he had worked out with Dolph during the day, but it was too elaborate for Nick. It sounded much too serious. "You go to lots of trouble just 'cause a bull's asking questions," he observed—"Steve, where's your guts?"

Steve bared his strong white teeth. A touch of the old bravado returned for a moment—"You think I'm yellow, huh? I don't want no man thinking that— Listen, Nick," he took the Greek roughly by the arm, looking around him before he spoke—"I did that job myself!" Nick, eyes bulging, motioned him to keep quiet, but he went on—"Now, they can't get me for it—they got nothing on me but that gun—but it's getting on my nerves—I'm getting ragged and I want to get out of here. Now, have you got it?"

"Sure, I understand," said Nick—"but don't bump nobody else off in here," he warned.

"You won't get in trouble—I'll fix that. Now send for the car."

Anything to get the murderer out of the club, Nick agreed and told him to wait in the office, while he trotted into the cabaret.

Alone, Steve went at once to the oaken door—peered out carefully through the peep-hole; saw the faithful Dolph waiting at the bend in the alley, leaning against the brick wall; then crossed stealthily to the hall-doors and closed them without a sound, shutting out the music in the cabaret.

As he did so, the doors of the supper-room slid quickly back and Pearl squeezed through like a snake, holding a pistol in her hand with a silencer affixed. "Turn around, Rat!" she ordered in a low voice, her expression unchanged, like a death mask. He wheeled about, confronting the ugly pistol, steady in her hand. He was paralyzed into the immobility of stone. "I don't want to give it to you like you did him—in the back," she said.

"For God's sake, don't!" he gasped, rotted to the spot.

"I'm giving you more chance than you gave him," she said—"I'm looking at you—and the last thing you see before you go straight to hell is Jim Edwards' woman, who swore she'd get you!"

Steve found the power to back toward the office door that stood open. "Don't—don't kill me—don't—he pleaded in the voice of a hurt child.

"Whine, you rat—I knew you would!" And she fired straight. There was a slight plish and a curl of smoke, and that low, uncanny hum of the bullet like a bee. Steve lurched backwards—caught his balance—sprawled for the office door—clutched it—missed and fell out of sight. The door closed by itself.

Pearl, frightened by the violence of her act, stood there for a moment staring—then she thrust the pistol into her black handbag and scurried upstairs like a frightened rabbit. Behind the door of the private office, Steve dragged himself toward the gay couch; almost reached it; collapsed in a heap and twisting suddenly, flopped over on his back, dying with his glassy eyes fixed on one of the pictures of a young girl in scanty attire.

CITY COURT'S EARNINGS LAST YEAR \$9,558.71

Collections Totaled
\$17,483.70; State
Gets \$355.10.

MAY TOP MONTH
Municipality's Share
of Expenses is
\$7,569.89.

Net earnings of the East Liverpool
municipal court in 1927, the second
year of its existence, were \$9,558.71,
according to the report of A. Earl
Edwards, court clerk.

City case collections totaled \$17-
128.60, while the state received
\$355.10, or a grand total of \$17,483.70.
The city's share of the court expenses
was \$7,569.89, which does not include
the \$2,290 paid toward the judge's
salary by the county and township.

Fines assessed for violation of city
ordinances hit \$12,476.50, while costs
brought in \$2,274.40. Costs in civil ac-
tions, which also goes into the muni-
cipality's coffers, amounted to \$2,377-
70, an increase of \$527.80 over 1926.

Collections hit the high mark during
May when \$2,369.89 was taken in.
April was next with \$2,108.77. In Oc-
tober but \$777.25 was received. Fig-
ures for the other months were: Janu-
ary, \$1,480.79; February, \$1,327.47;
March, \$1,568.34; June, \$1,449.37;
July, \$1,083.43; August, \$1,628.95;
September, \$1,067.89; November,
\$992.10; December, \$1,099.45.

During the year 1,396 criminal cases
were filed, while 1,261 criminal cases
were disposed of. There were also
846 civil cases filed and 861 cases dis-
posed of. Sixty-one cases were pend-
ing January 1, 1928.

Earnings in 1927 were approxima-
tely \$5,000 less than for 1926, when
\$22,664.85 was received, \$22,082.25 for
the city and \$482.60 for the state.
Fines and costs in criminal cases for
violation of city ordinance in 1926
netted \$20,232.35, while costs in civil
cases, also coming to the city, added
\$1,849.90. During 1926, 1,476 crimi-
nal and 828 civil cases were filed
while 1,450 criminal and 752 civil ac-
tions were disposed of.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands
since Dr. Edwards produced Olive
Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician
for 20 years and calomel's old-time
enemy, discovered the formula for Olive
Tablets while treating patients for
chronic constipation and torpid livers.

Olive Tablets do not contain calomel,
just a healing, soothing vegetable laxa-
tive mixed with olive oil.

No griping is the "keynote" of these
little sugar-coated, olive-colored tab-
lets. They cause the bowels and liver

"CRAZY BAND" ON CERAMIC BILL

Betty Bronson, the "Peter Pan" girl, appearing in her first western film, depicts the role of Lucy Blake, the

heroine, in Zane Grey's "Open Range," which will be flashed on the screen at the Ceramic theatre today, tomorrow and Saturday. The Zane Grey movie is being exhibited here in conjunction with the appearance of Gene Gory and his "Crazy Band," an organization of players that com-

184 HOSPITALS AND INSTITUTIONS ARE USING FATHER JOHN'S MEDICINE

Old Fashioned Medicine for Colds and Body Building Has Proved Its Value By 70 Years Success

Father John's Medicine is now being used regularly in 184 different hospitals, and institutions from coast to coast in the United States as well as in Canada. The names of all these institutions may readily be obtained from the Lowell, Mass., office where the original orders for the medicine are on file in proof of our statement with thousands of letters of endorsement from institutions and individuals all over the continent.

During its 70 years of success in the treatment of colds, throat troubles and as a body builder Father John's Medicine has come to be recognized in a great many hospitals and charitable institutions as having great value. Because it is guaranteed free from alcohol or any narcotic drugs in any form, doctors prescribe it for young children as well as older people.

Father John's Medicine is a high grade emulsion of Cod Liver Oil with

other valuable ingredients. Because it builds new tissue and strength it is known as "the Greatest Body Builder."

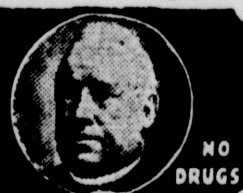

Doctors have known the value of cod liver oil for a great many years and have used it freely in their practice. Modern research has determined the reason for its value, and given it the name of vitamins.

The original prescription for Father John's Medicine, from which it is still prepared, contained cod liver oil as its principal ingredient, and this is the reason why Father John's Medicine has achieved its ever-growing success as a tonic and body-builder for those who are weakened or run down.

The Dominican Sisters of St. Dominic Monastery, La Crosse, Wisconsin, allow us to quote from a recent letter: "We have found out that there is nothing better than Father John's Medicine for colds, or building up the body; it does a world of good."

"I'm getting the biggest thrill of my career out of playing this role," said Miss Bronson, during filming of the Paramount-Zane Grey production. "I have never played in a Western picture before," the diminutive actress said, "and I'm finding that I have been missing something. All of us, I believe, want to have a lot of new experiences. When this picture is finished I will have crowded enough of them into six weeks to last me for another six months."

"I drive a team of horses in a buggy race. I ride a careening carriage in a dangerous runaway. I am trapped in a burning house with flames leaping up into my face. I slide down a rope on the hero's back. I fight with the villain. I shoot at Indians. And I lived for a week in the most beautiful place I have ever seen—Zion National Park in Utah, where we made many scenes."

Lane Chandler, newly discovered screen actor, plays opposite Miss Bronson in "Open Range" which was directed by Clifford Smith. Fred Kohler "wolf of the screen" plays the villain. A cattle stampede and an Indian fight provide the thrilling climax in the scenario written by John Stone and J. Walter Ruben.

"JAZZY NERVES" SOON RELIEVED

**Cleveland Barber Relates
His Gratifying Experience
With Redwood's Tepee
Herb Tonic.**

Howard P. Mathasz, barber, 7103 Euclid Ave., Cleveland, O., was positively so nervous that the creaking of the stairs or the slightest noise would set him wide awake, and then it would be all over while before he could go back to sleep.

"But I believe you could fire a cannon over my head now and it wouldn't disturb me," declares Mr. Mathasz in relating the benefits he received from taking Redwood's Tepee Herb Tonic. "It's a great medicine I can tell you," continues Mr. Mathasz. "I had tried several remedies for my nerves and this is the only one that helped me."

Besides helping my nerves Redwood's Tepee Herb Tonic also helped my stomach and I don't have attacks of indigestion any more. I used to be very careful what I ate but now I just pitch in and eat whatever my appetite craves.

"My bowels are regular and that is another good feature about Redwood's Tepee Herb Tonic."

Redwood's Tepee Tonic can be had at Carnahan's Drug store and at all well stocked drug stores in East Liverpool and surrounding towns.

That "Kruschen Feeling" of Glorious Vitality

Every vitalizing mineral element that your blood and body needs to keep you in buoyant health and also keep you from growing old too fast is found in Kruschen Salts—not one salt only—but six.

The man or woman who has lately adopted the "Kruschen habit" of dropping two tablets of Kruschen Salts in the breakfast cup of coffee every morning (tasteless that way) will soon be rewarded a thousand fold.

But please remember "It's the little daily dose that does it" so don't miss a single day. Stick to the "little daily dose" of Kruschen and good health will come to you—and stick to you.

For one thing your blood will be refreshed and free from poisons and harmful acids, for the duty of Kruschen is to keep stomach, liver, bowels and kidneys in perfect natural working order.

The daily Kruschen habit brings quickly to gloomy, depressed, half sick people the youthful joy of living. You'll look on the bright side of life—you'll get up in the morning after a sound sleep, full of renewed energy and a love for the work you have to do.

Millions the world over know this—millions whose sparkling eyes and clean skin and energetic movements proclaim to the world that Kruschen habit—Life to them is well worth living. 60 tablets, 60 cents (30 days treatment) at druggists the world over. All druggists sell lots of them. It's the Little Daily Dose That Does It
